MUNICIPAL REGULATIONS

FOR PAYMENT OF BILLS AGAINST THE CITY

All persons furnishing materials or service for the city, or aid to the city poor, should be particular to take the name of the person ordering such service, material, or aid, and should *know* that the person is duly authorized to contract such liability.

The city will not be holden for merchandise sold or delivered on city poor account, except on the written order of the overseer of the poor, and for no longer time than until his successor shall have been appointed and qualified.

Duplicate copies will be required of all bills payable by the city, furnished on county poor account.

All bills against the city must be approved by the person authorizing the charge; and unless this is done, no action can be had upon the bill by the Committee on Accounts and Claims, and no order will be given for its payment.

Bills so certified should be left with the city clerk on or before the second day of the month.

If approved by the Committee on Accounts and Claims, they will be ready for payment on Thursday following the regular monthly meeting of the city government.

The regular monthly meetings of the city government occur on the second Monday of each month.

ARTHUR E. ROBY,
City Clerk.

MAYOR MARDEN'S INAUGURAL ADDRESS

JANUARY 26, 1926

Gentlemen of the Board of Aldermen:

We are now entering upon the 200th anniversary year of the settlement of Penny Cook, now Concord, upon our 74th year as a city and upon the 51st term of our city government. And we are here assembled for the inauguration of the city's 27th Mayor. To be that chosen one is an honor of which anyone might well be proud and I am no exception. But as proud as I am to be Mayor of our fair city, a thousand times more proud am I of your confidence in me which you have so generously expressed. I am grateful for it and I promise you it shall not be betrayed.

As I look over the list of distinguished and honorable gentlemen who have filled this chair, it is with some feeling of trepidation that I assume its occupancy and yet, when I look into the faces of the men and women before me whom I know will at all times be willing to be consulted and glad to extend advice and counsel, those feelings disappear and I am immediately reassured.

I fought my campaign upon the city charter. It is my desire that its provisions be carried out. Lest you may have forgotten from disuse what some of these provisions are, I quote therefrom.

“The Mayor shall be the chief executive officer of the City and cause its laws and ordinances to be enforced. Shall exercise a general supervision over the conduct of all subordinate officers.

“He shall be a member of the Board of Public Works for all purposes, including voting and the counting of a

quorum. Shall preside over all meetings of the Board of Aldermen and of the Board of Public Works and shall from time to time communicate to each of said Boards and to all subordinate officers such information and recommendations relative to matters within their respective jurisdiction as in his judgment the interest of the city may require.

“And shall have and perform such other powers and duties not inconsistent with the provisions of this act as now are or hereafter may be conferred or imposed upon him by municipal ordinance or upon Mayors of cities by general law.”

Will Perform Duties

As far as I am able, the duties laid upon me I shall perform. A verbiage of flowery, rhythmical, high-sounding words are pleasing to the eye and music to the ear, but without action become as sounding brass and tinkling cymbal. And while my words may sometimes seem harsh and drastic, it is not because I feel unpleasant or unkind toward those with whom I am dealing. But rather because the exigencies of the occasion seem to demand these harsh measures.

The surgeon's knife sinks deep into the flesh of his patient, not because he dislikes the patient, but rather because he wishes to save him further pain, annoyance and possibly death. As the budget of a family in ordinary circumstances is a serious and grave question, so to us is the budget of our city. Those of a family, who have come to the years of understanding, can sit in around the table and talk matters over and come to some conclusions as to the method to be followed. Our city is a great big family and they cannot all sit in around the table, so they have elected us to represent them at that table. Let us do this in spirit and in truth. Let us be true to ourselves and we must of necessity be true to them, for it has been said, “To

thine own self be true, and it must follow as the night the day, thou canst not then be false to any man." So in making our budget for the coming year, let us practice economy without parsimony and in its expenditure, let us practice frugality and not prodigality.

Must Apply Knife

In places we must apply the surgeon's knife. Some pruning needs to be, must be done. At the election last passed two policies were presented to our electorate. One was the continuance of present methods, which some of our citizens have termed as a policy of prodigal extravagance. The other was a policy of governmental economy, which means the elimination of waste and a frugal expenditure of public funds, getting a dollar's worth for every dollar expended. The voters declared for the latter policy and it is up to us to put it into action. It is my desire—it is my aim—it is my purpose, and all the strength, and all the energy that is in me will be spent to the end that this policy may obtain.

Struggling Under Debt

"There are none so blind as those who will not see: there are none so deaf as those who will not hear." With the warning of November 3, given in no uncertain tones, still thundering in their ears, they refuse to hear. With the words, "Mene, mene, tekel, upharsin," boldly emblazoned upon the walls, they refuse to read, and unmindful of or ignoring the fact that public office is a public trust, with the city struggling under a debt well nigh unbearable, they rush blindly on and plunge us into another bond issue of \$80,000, the interest on which will be approximately \$45,000 more for something which we do not need, the Fire and Police Signal System.

I said, "This is something we do not need." In sub-

stantiation of this statement I quote from the inaugural address of Mayor Flint, delivered January, 1924, as follows:

“Our Fire Department is the finest in the country. Everything is up-to-date and it is kept in shape.”

I quote from Chief Green's report of the same year as follows:

“The fire alarm systems of the precinct and Penacook are in good condition. I would recommend the purchase of 1,000 feet of hose during the coming year.”

I quote again from the report of Chief Green for 1924:

“The apparatus is in good condition.” And the only recommendation he makes is this: “The purchase of 1,000 feet of hose during the coming year.” Now why is it if our fire alarm system is in such a deplorable condition as some people would have us believe it is, why has not the Mayor and the Chief of the Fire Department made some recommendations in relation thereto?

Signal System

Parties representing the Gamewell System came here and told the City Government what they ought to have for a fire and police signal system, with no one to represent the city and tell them what could be done to relieve the situation. They say “Yes, Yes,” and bond the city for \$80,000 in payment thereof.

In regard to the police signal: It is not worth a cent to the city. In substantiation of this I quote from the report of City Marshal Kimball for the year 1923 as follows:

“I respectfully submit my 15th report of the Police Department for the year ending December 31, 1923.”

After giving a detailed report of facts and figures, he winds up as follows:

"I thank His Honor the Mayor and the Honorable Board of Aldermen, members of the department for the co-operation and support given throughout the year. Respectfully submitted.

George A. S. Kimball,
City Marshal."

He does not say anything about needing a police signal system and makes no recommendation thereto.

No Mention of Matter

Again, January 1, 1925, he makes his report, and signs it "Respectfully submitted, George A. S. Kimball, City Marshal," with no recommendation whatsoever. Does this look as though we were in any dire need of a police signal system different from what we have?

Under license, with 14 saloons in the city, with more than 1,600 arrests per year, with one horse, a Concord wagon, a patrol wagon, with a patrolman called in from the street as driver, with a signal system not as good as it is now, police matters were as well taken care of as they are now with three automobiles and three chauffeurs and improved police signal system, with 600 or so arrests per year and a large percentage of these made for the State and Federal Prohibition officials.

Rental for System

It has been said we do not own our police signal system—that we are paying a rental of \$1,000 per year to the New England Telephone and Telegraph Co. and under a new contract which must be made soon, we must pay \$1,300. Let us grant this to be true—then let us ask, what will the cost of the upkeep of a new system be? The cost of the police signal is to be something like \$25,000. The interest on this at 4 per cent would be \$1,000 per year—that we are

paying—then there is the upkeep of the system and then add to this the wear and tear each year and the balance of \$300 is more than gone. So you see there will be no saving and an added expense. The whole thing in a nutshell is this: The Gamewell people came here with something to sell and they sold it to the tune of \$80,000 in bonds and something like \$45,000 in interest which the bond holders get. Making a total of \$125,000 which the system will cost the taxpayer during the next twenty years. Someone has said if we did not buy the Gamewell system, our insurance rate would go up. Is this a threat? Let us look into it a little and see how it works out. Who owns the Gamewell system? I am, as I think, reliably informed that the stockholders and directors of the Gamewell system are also insurance company stockholders. How does that look to you? And I boldly state, without fear of successful contradiction, that with an outlay not to exceed \$2,500, the over-burdened circuits of the fire alarm system could have been relieved, a new relay installed at the Central Station, making the system we now have as good for the next ten years as it has been for the last ten years.

Big Saving Each Year

Now let me ask you, would it not have been better to have done this and then, instead of bonding the city for \$80,000, to have laid away \$6,500 per year, approximately what this bond issue will cost us per year, for the next ten years—and then if we want a system, put it in and pay for it? My policy is a pay as you go policy, as far as possible. Necessities we must have—luxuries we can do without. Let us as far as possible take care of ourselves and not burden our posterity. They will have plenty of troubles of their own.

DEPARTMENTS

Police Department—Upon an efficient, harmonious and well-regulated Police Department, the safety of our citizenry and property depends. Experience in service in all pursuits, industrial, financial and professional, better fits one for the solving of those problems which may confront him in the performance of his duties. And those who have had that experience should be placed where those problems are most likely to be met. I recommend the re-establishment of this policy in this department.

Fire Department—This department is indeed an important one. That all of these characteristics are possessed in a large degree by our department from the Chief down, no one who has seen them in action can doubt.

Each year from the very nature of things the duties and cares of the Chief become more arduous and extensive and I would recommend the appointment at an early date of an Assistant Chief. Not that the Chief may in any way be supplanted, but rather that he may be assisted and relieved in the performance of his duties.

Labor—There is an ordinance of our city giving preference to the employment of American citizens in our several departments. I would recommend strict adherence to this policy.

Parks and Playgrounds

Here is an opportunity for the doing of much good. The child of today is the grown-up of tomorrow and in the public play-ground, properly equipped, we find a great power for good, in the healthy development of mind, muscle and limb. The parks are the breathing places of our populace, and should be made as attractive and beautiful as our

resources will permit. Both parks and playgrounds are in the hands of a competent commission, and I have no doubt will receive deserved appropriations which will be wisely expended.

Water Department

Here we have an ably conducted department by business men on business principles, self-sustaining and paying off its own indebtedness, each year expanding and increasing its efficiency.

Civil Engineering and Sewer Departments

With Fred W. Lang at the head of these departments, that they are in able and efficient hands no one doubts.

Health Department

Since the establishment of this department some years ago, it has expanded and grown, until we now have a comprehensive and well regulated Health Department, under the efficient and competent supervision of Health Officer Charles E. Palmer.

Milk Inspection

This branch of the Health Board under the direct supervision of Austin B. Presby is accomplishing much good.

Cemeteries

Our cemeteries are in the hands of an able and competent commission, and under the wise supervision of Superintendent Hammond will, I am sure, be well cared for and receive the attention which they justly deserve.

Schools

Our schools rank A-1 and are as good as the best. The

school board ranks high and the teaching staff under the wise direction of Superintendent Rundlett, are doing work seldom equalled and never excelled.

Hospitals

We have two hospitals, each doing a good work. They become more and more useful each year and should receive our moral and financial support.

Trees

Many people visiting our city remark upon the beauty of our trees. They are dying out each year and are being taken down. They should be replaced and we should encourage citizens to plant more trees that the beauty of our streets in this regard may be perpetuated.

Highway Department

The demand for good roads becomes more insistent each year. What to do is the question that confronts us. Our streets in the central parts of the city are in very good condition; in the outlying districts, many of them are very bad. We have been spending enormous sums of money in this department and yet we have but little permanent road. I think a part of the appropriation each year should be used for permanent work. We have a good equipment for road building, well housed at the city sheds, and you, the people who own it, should take a trip to the sheds and look it over. You will be well repaid for the trouble on your trip.

Just what has been accomplished in this department you will find fully set forth in the report of the Commissioner of Highways, Orrin W. Head.

Enormous Expenditures

I said the expenditures in this department had been enormous. For your enlightenment I give you these figures:

Roads and Bridges, Appropriation	\$170,000.00
Resolutions No. 652	10,000.00
Resolutions No. 677, Earnings	9,226.44
Resolutions No. 677, Transfer of balances	1,121.55
Resolutions No. 677, Deficit	6,267.70
Winter Equipment	15,582.20
Bond Appropriation and Interest	70,532.00
Balance 1924	1,609.91
Earnings Resolutions No. 677	4,183.19
Garbage Appropriation	28,000.00
Resolutions No. 677, Earnings	198.68
Sprinkling Appropriation	8,000.00
Resolutions No. 677, Earnings	147.90
Trees Appropriation	4,500.00
Sprayer	1,500.00
Resolutions No. 677, Earnings	78.24

Making a grand total of \$329,826.26, which means more than \$1,000 per day for every working day in the year, or \$15 each for every man, woman and child in the city. Isn't it time, let me ask, to call a halt? Whither are we drifting? Who will pay the freight? We must apply the knife, or the patient is lost. And this is not the only department in which the knife must be applied.

TAXATION

Since time began the tax gatherer has found little favor among men and no wonder, for he comes to us with ever-increasing demand.

The policy of late has seemed to be when the rate has

reached the limit, to raise the valuation and when valuation has reached the limit, to issue bonds. For this condition the tax gatherer and those who make the assessment are in no wise to blame.

From the City charter I quote: "The Board of Public Works shall as early as practicable in each year submit to the Board of Aldermen or its Committee on Finance, a detailed estimate in writing of the appropriation required for that year. The Board of Aldermen shall make no appropriation for any purposes other than fixed charges and general maintenance and repairs, unless an appropriation for that purpose has first been requested by the Board of Public Works." So you see the whole responsibility for high or low taxes rests with the Board of Public Works and not with the assessors or tax collector. I give this quotation that you may understand the situation.

Indebtedness

When the present administration took over the city's affairs January, 1924, the bonded indebtedness of the city was \$684,300. The water bonds outstanding at that time and included in this amount were \$267,000. Those have been reduced in the meantime, \$51,000, which should leave our bonded indebtedness, if we had held our own, at this time \$633,300.

But what is the real condition? We have heard a lot lately about deficits being wiped out and large savings having been made. Let us see about this. Today we have a bonded indebtedness of \$807,000, \$80,000 for fire and police signal bond, \$472,000 school bonds, voted but not yet issued, making a total of \$1,359,000. We are all fully aware that public buildings are seldom, if ever, built within the appropriation. This means a further issue of bonds for its completion. Then we must have a county jail and about 50 per cent of this expense falls upon Concord. So, it is reasonable to suppose to carry out the program initiated during the last administration will

necessitate increasing the bonded indebtedness of the city more than a million dollars, making our total indebtedness well nigh \$1,750,000.

Ladies and gentlemen, remember this financial situation was brought about by those who have preceded us and is one over which we have no control. Under these conditions we cannot even hope for a lower tax rate. I promise you, the board co-operating, we will do everything in our power to keep it as low as possible. The time has come to call a halt on expenditure. I am sure in some departments expenses can be reduced with no less efficiency. I feel confident every member of this board will do his part to keep within reasonable bounds.

RECOMMENDATIONS

This year occurs the 200th anniversary of the settlement of Penny Cook plantation, now the City of Concord. It was here under the leadership of Enoch Coffin, preacher, the first recorded religious service in central New Hampshire was held.

A granite memorial erected some years ago by the Concord Congregational Union upon the Sugar Ball Bluff overlooks the exact spot of such service.

I would recommend an appropriation for the proper observance of the anniversary.

Public Comfort Station

On September 13, 1915, the following resolution was passed by our Board of Aldermen:

“Section 1. That the Board of Public Works and the City Engineer are authorized and directed to select a site and erect a public urinal for men, women and children at a cost not to exceed five thousand dollars, the same to be

paid out of any money in the treasury not otherwise appropriated. This resolution to take effect upon its passage." Passed September 13, 1915.

At various times since other resolutions and much talk has been made in relation to a public comfort station. I believe the time has arrived when such a station should be established and I would recommend its installation in the basement of the Police Station. There is plenty of unused room to accommodate, the heating plant is there, it is centrally located. Being in the police station would check those who would be inclined to make disturbance.

The woman in attendance could be a special police officer and when a police woman was needed at the police station, as one sometimes is, she could be called in.

Street Lighting

I would also recommend a better lighted main street. At small expense the lights now used can be changed for more powerful ones, making our city not only more attractive but materially aiding its business interests.

Parking System

In relation to parking, something must be done to relieve congestion, and I recommend to you its early consideration.

Business Zoning

A business zoning system is also entitled to our attention and the time is not far distant when something must, in this line, be done.

Highway and Engineering Departments

Concentration of authority is the order of the day everywhere. Division of responsibility leads to inefficiency. The architect who draws the plans, superintends the putting

up of the building and he, alone, is responsible. The City Engineer lays out and grades the streets, sidewalks and bridges, and writes the specifications and should have full charge of the building of them and be wholly responsible for the right or wrong construction thereof. And I would respectfully recommend the office of City Engineer and Highway Commissioner be combined and placed under the supervision of a competent civil engineer. This would be the line of efficiency and economy.

Gentlemen of the Board, in deciding any question that may come before us, let us not ask what is the most expedient or easiest to do, rather let us decide what is just and right and pursue this course, remembering at all times we are servants and not masters; that we have been elected to serve the people and when our terms of office have expired, we must render to them an accounting of our stewardship.

I desire at this time to thank His Honor, Mayor Flint, City Clerk Roby, and other heads of departments for information furnished and courtesies extended. I thank you all for your kind attention.

ORDINANCES AND RESOLUTIONS

PASSED DURING THE YEAR ENDING JANUARY 10, 1927

CITY OF CONCORD—ORDINANCES

AN ORDINANCE AMENDING CHAPTER 32 OF THE REVISED ORDINANCES RELATING TO THE TAX COLLECTOR.

Be it ordained by the Board of Aldermen of the City of Concord, as follows:

SECTION 1. Amend Section 32 of the Revised Ordinances by renumbering section 6 as section 5 and renumbering section 5 as section 6.

SECT. 2. Amend Section 32 of the Revised Ordinances by adding thereto the following new section: Sec. 7. At the conclusion of the term of office of a tax collector and upon the happening of any vacancy in that office, the finance committee of the board of aldermen shall procure a thorough audit to be made of the doings of the collector whose term is expiring or whose office is vacant. Upon an accounting being had in accordance with such audit, the bond of the collector may, upon the recommendation of the finance committee and in the discretion of the board of aldermen, be released.

SECT. 3. All ordinances and parts of ordinances inconsistent herewith are hereby repealed, and this ordinance shall take effect as of January 1, 1926, and shall be incorporated with the Revised Ordinances which took effect on that date. Passed January 26, 1926.

AN ORDINANCE AMENDING SECTION 20 OF CHAPTER XXII OF THE REVISED ORDINANCES AND RELATING TO SKATING ON FORGE POND.

Be it ordained by the Board of Aldermen of the City of Concord, as follows:

SECTION 1. Amend Section 20, Chapter XXII of the Revised Ordinances by substituting for the word "teams" in the next to the last line the word "vehicles" and adding thereto the following: "Provided, that a skating area may be established upon Forge Pond under regulations to be prescribed by the superintendent of the water works"; so that said section as amended

shall read as follows: Section 20. No person shall swim, bathe, or go into Penacook Lake, or put therein, or upon the ice thereof in the winter season, or upon the shores so near to the water thereof as to cause the defilement or pollution of said waters, any animal or vegetable matter, or any other substance that will defile or pollute said water. It shall be unlawful for any person to cut ice from Penacook Lake or for any person to go upon any ice that may have formed upon said lake, either personally or with vehicles or animals. Provided that a skating area may be established upon Forge Pond under regulations to be prescribed by the superintendent of the water works.

Passed February 8, 1926.

AN ORDINANCE IN AMENDMENT OF SECTION 34, CHAPTER XVIII OF THE REVISED ORDINANCES, RELATING TO RENT FOR THE VETERAN FIREMEN'S ASSOCIATION.

Be it ordained by the Board of Aldermen of the City of Concord, as follows:

SECTION 1. Section 34 of Chapter XVIII of the Revised Ordinances is hereby amended by striking out the words "two hundred and ten dollars a year" and substituting therefor the following: "such sum as may be approved by vote of the board of aldermen"; so that said section as amended shall read as follows: Sec. 34. The standing committee of the board of aldermen on fire department is authorized and directed to rent, at an expense not exceeding such sum as may be approved by vote of the board of aldermen, suitable rooms for the accommodation of said Veteran Firemen's Association, the same to be selected by said association, the same to be charged to the regular appropriation for the fire department.

SECT. 2. All ordinances and parts of ordinances inconsistent herewith are hereby repealed, and this ordinance shall take effect on its passage.

Passed February 8, 1926.

AN ORDINANCE IN AMENDMENT OF ARTICLE IV, SECTION 4, OF CHAPTER XLI OF THE REVISED ORDINANCES.

Be it ordained by the Board of Aldermen of the City of Concord, as follows:

SECTION 1. Amend Article IV, Section 3, Chapter XLI of the Revised Ordinances relating to Street Traffic by adding after

the word "stop" in the first line the words "on the south side nor" and after the word "on" in the first line the words "the north side of" so said section as amended shall read as follows:

SECT. 4. No vehicle shall stop on the south side nor more than fifteen minutes at a time on the north side of Warren Street between Green and Main Streets, and then only for the purpose of taking on or setting down passengers, loading or unloading merchandise, and in no case shall a horse be hitched or tied or a horse or vehicle backed up to the curb to load or unload merchandise.

SECT. 2. This ordinance shall take effect upon its passage.
Passed March 8, 1926.

AN ORDINANCE IN AMENDMENT OF CHAPTER XLII OF THE REVISED ORDINANCES RELATIVE TO SALARIES.

Be it ordained by the Board of Aldermen of the City of Concord, as follows:

SECTION 1. Amend Section 1, Clause V, of Chapter XLII by striking out the words "twenty-four" and inserting in place thereof the words "twenty-six" so said clause shall read as follows:

(v) Superintendent of cemeteries twenty-six hundred dollars per annum.

Amend Section 2, clause d, of said chapter, by striking out the word "eighteen" and inserting in place thereof the word "twenty" so said clause shall read as follows:

(d) Clerk in the office of the city engineer, twenty dollars per week.

Amend Section 2, clause e, of said chapter, by striking out the whole of said clause and inserting the following:

(e) Janitor, twenty-four dollars per week.

Amend Section 2, clause f, of said chapter, by striking out the word "nineteen" and inserting in place thereof the word "twenty" so said clause shall read as follows:

(f) Clerk in the office of the collector of taxes, twenty dollars per week.

SECT. 2. This ordinance shall take effect April 1, 1926; except, however, that the superintendent of cemeteries having performed additional duties from January 1, 1926, the increase herein provided as to that office shall be paid from January 1, 1926.

Passed April 12, 1926.

AN ORDINANCE IN AMENDMENT OF CHAPTER 22 OF THE REVISED ORDINANCES.

Be it ordained by the Board of Aldermen of the City of Concord, as follows:

SECTION 1. Amend Section 1 of Chapter 22 of the Revised Ordinances by striking out the clause "thence westerly by said Hopkinton Road to the road leading to Penacook Lake" and substituting in place thereof the following: "thence westerly by the southerly line of said Hopkinton Road to a point opposite the intersection of the said road with the old Hopkinton Road; thence northerly crossing the said Hopkinton Road and the old Hopkinton Road through the intersection of the two to the northerly side of the old Hopkinton Road; thence easterly by the northerly side of the Hopkinton Road to the road leading to Penacook Lake."

SECT. 2. All ordinances and parts of ordinances inconsistent with this ordinance are hereby repealed, and this ordinance shall take effect upon its passage.

Passed May 10, 1926.

AN ORDINANCE AMENDING CHAPTER XIV OF THE REVISED ORDINANCES RELATIVE TO PLUMBERS, PLUMBING CONSTRUCTION, ETC.

Be it ordained by the Board of Aldermen of the City of Concord, as follows:

SECTION 1. Amend Chapter XIV of the Revised Ordinances relative to plumbers, plumbing construction, etc., by adding a new section to be numbered Section 7A, said section to read as follows:

SECT. 7A. Soil pipe and fittings be either plain or tar-coated with the following exceptions: all soil pipe and fittings to be placed under ground shall be tar-coated on the outside.

SECT. 2. This ordinance shall take effect upon its passage.
Passed June 21, 1926.

AN ORDINANCE AMENDING CHAPTER XL, SECTION 2, OF THE REVISED ORDINANCES.

Be it ordained by the Board of Aldermen of the City of Concord, as follows:

Amend Chapter XL, Section 2, by adding in the fourth line after "department" the words "and the assistant city engi-

neer," and changing the word "inspector" in the same line to "inspectors" so that said section as amended shall read as follows: The city engineer for the time being shall act as inspector of buildings and shall have the duty of enforcing the provisions of this chapter. The chief engineer of the Fire Department and the assistant city engineer for the time being shall be assistant building inspectors for the purposes of consultation and such other duties as the inspector may require and in case of the absence or disability of the inspector of buildings shall act in that capacity. This ordinance shall take effect upon its passage.

Passed Nov. 29, 1926.

RESOLUTIONS

RESOLUTION IN RELATION TO A TEMPORARY LOAN NOT EXCEEDING
FOUR HUNDRED THOUSAND DOLLARS (\$400,000).

Resolved by the Board of Aldermen of the City of Concord, as follows:

That the committee on finance is hereby authorized to borrow on the credit of the city the sum not to exceed four hundred thousand dollars (\$400,000) for expenses in anticipation of taxes for the municipal year 1926 and to issue notes of the city therefor upon such terms and for such amounts as the committee shall determine. The said loan is to be payable from the taxes for the said municipal year, and the said committee on finance is hereby authorized to refund all or any of the said notes at their maturity; provided, however, that the refunding notes shall be payable within one year after the date of the incurrence of the debt represented by the note or notes refunded.

Passed January 26, 1926.

RESOLUTION ASKING FOR SEALED PROPOSALS FOR PRINTING AND
BINDING THE ANNUAL CITY REPORTS.

Resolved by the Board of Aldermen of the City of Concord, as follows:

That the city clerk be, and hereby is instructed to ask for sealed proposals for printing and binding the city reports for the year 1925 and submit the same to the Finance Committee, who shall have full power to act in the matter.

Passed January 26, 1926.

RESOLUTION IN RELATION TO PAYING SALARIES, PAYROLLS AND RENTS.

Resolved by the Board of Aldermen of the City of Concord, as follows:

That the mayor be, and hereby is, authorized to draw his warrant on the city treasurer for the payment of all salaries, payrolls and rents as the same shall become due during the present municipal term, and all bills so paid shall be laid before the Committee on Accounts and Claims at the next meeting.

Passed January 26, 1926.

RESOLUTION PROVIDING FOR PRINTING OF THE ROSTER OF THE CITY GOVERNMENT.

Resolved by the Board of Aldermen of the City of Concord, as follows:

That the city clerk be instructed to prepare a roster of the present city government and cause copies to be printed, and that the expense of printing the same shall be charged to the account of printing and stationery.

Passed January 26, 1926.

RESOLUTION AUTHORIZING THE APPOINTMENT OF A COMMITTEE ON PUBLIC COMFORT STATION.

Resolved by the Board of Aldermen of the City of Concord, as follows:

That the mayor, city engineer and three members of the Board of Aldermen, to be appointed by the mayor, are hereby authorized and directed to select a site and make preliminary plans for the erection of a public comfort station and submit a report to the Board of Aldermen for action.

Passed February 8, 1926.

RESOLUTION APPROPRIATING MONEY TO DEFRAY THE EXPENSES OF THE TWO HUNDRETH ANNIVERSARY OF THE SETTLEMENT OF CONCORD.

Resolved by the Board of Aldermen of the City of Concord, as follows:

That the sum of twenty-five hundred dollars (\$2,500.00) be, and the same hereby is, appropriated out of any money in the

treasury not otherwise appropriated for the purpose of defraying the expenses incident to the celebration of the two hundredth anniversary of the settlement of Concord.

Passed March 8, 1926.

RESOLUTION AUTHORIZING THE PURCHASE OF A NATIONAL AND CITY FLAG FOR THE USE OF THE CITY GOVERNMENT.

Resolved by the Board of Aldermen of the City of Concord, as follows:

That the mayor be, and hereby is, authorized to purchase for the use of the City Government, a national and city flag, said flags to be paid for out of the appropriation of Incidentals and Land Damages.

Passed March 8, 1926.

RESOLUTION APPROPRIATING MONEY FOR A PUBLIC COMFORT STATION.

Resolved by the Board of Aldermen of the City of Concord, as follows:

That the sum of sixty-five hundred dollars (\$6,500.00) be, and the same hereby is, appropriated out of any money in the treasury not otherwise appropriated, for the erection of a public comfort station. Said appropriation to be expended under the direction of the Special Committee on Public Comfort Station.

Passed February 23, 1926.

RESOLUTION AUTHORIZING THE PURCHASE OF ADDITIONAL LAND FOR THE PUBLIC LIBRARY.

Resolved by the Board of Aldermen of the City of Concord, as follows:

SECTION 1. That the trustees of the Public Library be authorized in behalf of the city to accept the offer of the heirs of Armenia S. White to sell to the City of Concord a strip of land more particularly described in said offer dated February 15, 1926, for the sum of \$10,000.00.

SECT. 2. That the sum of \$8,886.27, being the amount of the income from the Samuel C. Eastman Trust Fund which has hitherto been added to the principal of said fund, be retrans-

ferred from principal to income and the same be and hereby is appropriated for the Public Library and the trustees of the Public Library are authorized to use the same in part payment of the purchase price of the strip of land authorized to be purchased by Section 1 of this resolution. The trustees of the Public Library are authorized to pay the balance of said purchase price out of the 1926 income from the Samuel C. Eastman fund.

SECT. 3. This resolution shall take effect on its passage.
Passed February 23, 1926.

RESOLUTION AUTHORIZING THE MAYOR TO APPOINT A ZONING COMMISSION.

Resolved by the Board of Aldermen of the City of Concord, as follows:

SECTION 1. "Be it resolved, that in conformity with Chapter 92, Laws of 1926, known as 'An act to empower municipalities to adopt zoning regulations,' and in order to make available to the City of Concord the powers conferred thereby, the mayor be and hereby is authorized to appoint a committee of five citizens, at least one to be a woman, to be known as the Concord Zoning Commission."

SECT. 2. This resolution shall take effect on its passage.
Passed March 29, 1926.

RESOLUTION AUTHORIZING THE CITY CLERK TO DESTROY CERTAIN OLD BILLS.

Resolved by the Board of Aldermen of the City of Concord, as follows:

That the city clerk be, and hereby is, authorized to destroy all old city bills, coupons and cancelled bonds prior to the year 1916.

Passed March 29, 1926.

RESOLUTION RELATING TO THE DISCONTINUANCE OF A PORTION OF THE OLD PEMBROKE ROAD.

Resolved by the Board of Aldermen of the City of Concord, as follows:

That the city solicitor be instructed in the name and behalf of the city to join with the town of Pembroke in a petition to the Superior Court for the discontinuance of that portion of

the highway from Concord to Pembroke Street, which prior to 1923 lay in the route of the Daniel Webster Highway, including the old bridge, and described as follows: Beginning at a point in said old highway on the easterly line thereof at a point in said Concord located fifty feet northerly from the northerly abutment of the said old bridge; thence southerly and southeasterly by the easterly line of the said old highway to the point where the said line intersects with the westerly line of the said new location of the Daniel Webster Highway, thence southerly by said new location to its intersection with the westerly line of the said old highway; thence northwesterly and northerly by the said westerly line of said old highway to a point in said Concord situated fifty feet northerly from the northerly abutment of said old bridge; thence easterly to the point of beginning.

Passed April 12, 1926.

RESOLUTION FIXING AND DETERMINING THE AMOUNT OF MONEY TO BE RAISED ON THE TAXABLE PROPERTY AND INHABITANTS WITHIN THE LIMITS OF THE SEWERAGE PRECINCT FOR THE ENSUING FINANCIAL YEAR.

Resolved by the Board of Aldermen of the City of Concord, as follows:

SECTION 1. There shall be raised, and there is hereby ordered to be raised, on the polls and ratable estates within the sewerage precinct of said city, the sum of eighteen hundred seventy-five dollars (\$1,875.00) to defray the necessary expenses and charges of said precinct for the ensuing financial year, which shall be appropriated as follows:

For the payment of interest that may become due on

precinct bonds\$1,875.00

SECT. 2. This resolution shall take effect upon its passage.

Passed April 12, 1926.

RESOLUTION FIXING AND DETERMINING THE AMOUNT OF MONEY TO BE RAISED FOR THE ENSUING FINANCIAL YEAR FOR THE USE OF THE CITY.

Resolved by the Board of Aldermen of the City of Concord, as follows:

SECTION 1. There shall be raised and there is hereby ordered to be raised on the polls and ratable estates within said city, the sum of three hundred fifty-five thousand four hundred dollars (\$355,400.00) to defray the necessary expenses and charges of the city for the ensuing financial year, which together with

the sums which may be raised by taxes on railroads and from other sources, shall be appropriated as follows:

SECT. 2. There shall be raised and there is hereby ordered to be raised, a tax of three and a half dollars (\$3.50) on each thousand dollars of the value of the ratable estates taxable within said city for the support of the public schools which, together with the income of the Abial Walker fund, shall be appropriated and divided among the school districts according to the valuation thereof. There shall also be raised a sum equal to two dollars (\$2.00) for each child residing in the city who was enrolled in the public schools in the last preceding school year.

SECT. 3. In addition to the foregoing there is appropriated for the cemeteries of the city one-third of the income from the sale of lots and the income derived for the care of lots and grading, which sum shall be deposited by the superintendent, or others receiving them, in the city treasury. The care of lots for which the city holds trust funds shall be paid from the money appropriated for the care of cemeteries, and so much of the income of these trust funds as may be thus expended shall be deposited in the city treasury at the close of the year, and the remainder in each instance credited to the individual fund.

Passed April 12, 1926.

RESOLUTION AUTHORIZING THE MAYOR TO EXECUTE A QUITCLAIM DEED FOR LAND SOLD TO THE CITY FOR TAXES.

Resolved by the Board of Aldermen of the City of Concord, as follows:

That the mayor be authorized to execute a quitclaim deed for lots No. 4605 and 4522, Ward eight, Map C, sold to the city for taxes at a cost to include all taxes and costs against said property.

Passed May 10, 1926.

RESOLUTION APPROPRIATING MONEY FOR AUDITING ACCOUNTS OF FORMER TAX COLLECTOR W. E. HUNT.

Resolved by the Board of Aldermen of the City of Concord, as follows:

That the sum of \$200 be, and hereby is, appropriated to pay for auditing the accounts of the former tax collector, W. E. Hunt, said sum to be paid from the appropriation of Incidentals and Land Damages.

Passed May 10, 1926.

RESOLUTION RELEASING WOODBURY E. HUNT FROM THE OFFICE OF TAX COLLECTOR.

Resolved by the Board of Aldermen of the City of Concord, as follows:

That Woodbury E. Hunt, former tax collector of the city of Concord be, and hereby is, released from all liability on account of the collection of taxes for the said city.

Passed May 10, 1926.

RESOLUTION AUTHORIZING THE MAYOR TO EXECUTE A QUIT-CLAIM DEED TO PROPERTY FORMERLY OWNED BY PAUL E. WEISLEDER.

Resolved by the Board of Aldermen of the City of Concord, as follows:

That the mayor is hereby authorized to execute a quitclaim deed of property formerly belonging to Paul E. Weisleder, Ward eight, being Lot No. 4446, as shown on Map D, in the assessors' office, sold to the city for taxes, at a price to include all taxes and costs assessed against said property.

Passed May 10, 1926.

RESOLUTION APPROPRIATING MONEY TO PAY TAXES ASSESSED IN 1925 ON NON-RESIDENT REAL ESTATE SOLD TO THE CITY OF CONCORD IN 1920 FOR 1919 TAXES.

Resolved by the Board of Aldermen of the City of Concord, as follows:

SECTION 1. That the sum of twenty-six cents (\$.26) be, and hereby is, appropriated out of any money in the treasury not otherwise appropriated, to pay taxes assessed in 1925 on non-resident real estate sold to the city in 1920 for 1919 taxes.

SECT. 2. That the City Treasurer is hereby authorized to pay to the collector of taxes said amount of twenty-six cents (\$.26).

SECT. 3. This resolution shall take effect upon its passage.
Passed June 14, 1926.

RESOLUTION APPROPRIATING MONEY TO PAY TAXES ASSESSED IN 1925 ON REAL ESTATE SOLD TO THE CITY OF CONCORD IN 1922 FOR 1921 TAXES.

Resolved by the Board of Aldermen of the City of Concord, as follows:

SECTION 1. That the sum of one hundred sixty-six and 32 100 dollars (\$166.32) be, and the same is, hereby appropriated out of any money in the treasury not otherwise appropriated, to pay taxes assessed in 1925 on real estate sold to the city in 1922 for 1921 taxes.

SECT. 2. That the city treasurer is hereby authorized to pay to the collector of taxes said amount of one hundred and sixty-six and 32 100 dollars (\$166.32).

SECT. 3. This resolution shall take effect upon its passage.
Passed June 14, 1926.

RESOLUTION APPROPRIATING MONEY TO PAY TAXES ASSESSED IN
1925 ON REAL ESTATE SOLD TO THE CITY OF CONCORD IN 1923
FOR 1922 TAXES.

Resolved by the Board of Aldermen of the City of Concord, as follows:

SECTION 1. That the sum of thirty-seven and 70-100 dollars (\$37.70) be, and the same is hereby, appropriated out of any money in the treasury not otherwise appropriated, to pay taxes assessed in 1925 on real estate sold to the city in 1923 for 1922 taxes.

SECT. 2. That the city treasurer is hereby authorized to pay to the collector of taxes, said sum of thirty-seven and 70/100 dollars (\$37.70).

SECT. 3. This resolution shall take effect upon its passage.
Passed June 14, 1926.

RESOLUTION APPROPRIATING MONEY TO PAY TAXES ASSESSED IN
1925 ON REAL ESTATE SOLD TO THE CITY OF CONCORD IN 1924
FOR 1923 TAXES.

Resolved by the Board of Aldermen of the City of Concord, as follows:

SECTION 1. That the sum of seventy-four and 54-100 dollars be, and the same is hereby, appropriated out of any money in the treasury not otherwise appropriated, to pay taxes assessed in 1925 on real estate sold to the city in 1924 for 1923 taxes.

SECT. 2. That the city treasurer is hereby authorized to pay to the collector of taxes said amount of seventy-four and 54-100 dollars (\$74.54).

SECT. 3. This resolution shall take effect upon its passage.
Passed June 14, 1926.

RESOLUTION APPROPRIATING MONEY TO PAY TAXES ASSESSED IN 1925 ON NON-RESIDENT REAL ESTATE SOLD TO THE CITY OF CONCORD IN 1925 FOR 1924 TAXES.

Resolved by the Board of Aldermen of the City of Concord, as follows:

SECTION 1. That the sum of one and 95-100 dollars (\$1.95) be, and the same hereby is, appropriated out of any money in the treasury not otherwise appropriated, to pay taxes assessed in 1925 on non-resident real estate sold to the city in 1925 for 1924 taxes.

SECT. 2. That the city treasurer is hereby authorized to pay to the collector of taxes said amount of seven hundred fifty-five and 90-100 dollars (\$755.90).

SECT. 3. This resolution shall take effect upon its passage.
Passed June 21, 1926.

RESOLUTION APPROPRIATING MONEY FOR BAND CONCERTS JULY FOURTH.

Resolved by the Board of Aldermen of the City of Concord, as follows:

That the sum of one hundred and fifty dollars (\$150.00) be, and the same is hereby, appropriated out of any money in the

treasury not otherwise appropriated for band concerts on July Fourth, said sum to be expended under the supervision of a special committee to be appointed by the mayor.

Passed June 21, 1926.

RESOLUTION CONFIRMING THE SALE OF \$160,000 BONDS, PART OF AN ISSUE OF \$550,000 BONDS AUTHORIZED BY AN ACT APPROVED 26TH FEBRUARY, 1925, AND BY A RESOLUTION OF THE BOARD OF ALDERMEN PASSED 12TH OCTOBER, 1925.

Resolved by the Board of Aldermen of the City of Concord, as follows:

SECTION 1. That the sale by the city treasurer to Merrill, Oldham & Co., at the price of \$100.96 and accrued interest of \$160,000 School Bonds of the city issued on account of Union School District, bearing interest at the rate of $4\frac{1}{4}$ per cent and maturing \$5,000 thereof on the 1st day of December in each of the years 1927 to 1930, inclusive, \$4,000 on December 1 in each of the years 1931-1965, inclusive, being part of an issue of \$550,000 bonds authorized by an Act approved 26th February, 1925, and by a resolution of the Board passed the 12th October, 1925, be and the same is hereby approved and confirmed.

Passed June 21, 1926.

RESOLUTION IN RELATION TO A TEMPORARY LOAN NOT EXCEEDING ONE HUNDRED THOUSAND DOLLARS (\$100,000.00) IN ADDITION TO AMOUNT ALREADY AUTHORIZED.

Resolved by the Board of Aldermen of the City of Concord, as follows:

That the Committee on Finance is hereby authorized to borrow on the credit of the city the sum not to exceed one hundred thousand dollars in addition to the four hundred thousand dollars already authorized for expenses in anticipation of taxes for the municipal year 1926 and to issue notes of the city therefor upon such terms and for such amounts as the Committee shall determine. The said loan is to be payable from the taxes for the said municipal year, and the said Committee on Finance is hereby authorized to refund all or any of the said notes at their maturity; provided, however, that the refunding notes shall be payable within one year after date of the incurrence of the debt represented by the note or notes refunded.

Passed July 7, 1926.

RESOLUTION APPROPRIATING SIXTEEN HUNDRED FIFTY-FOUR AND 60-100 DOLLARS (\$1,654.60) TO PAY FOR REAL ESTATE SOLD TO THE CITY OF CONCORD FOR UNPAID TAXES FOR THE YEAR 1925.

Resolved by the Board of Aldermen of the City of Concord, as follows:

That the sum of sixteen hundred fifty-four and 60-100 dollars (\$1,654.60) be, and the same hereby is, appropriated out of any money in the treasury not otherwise appropriated, to pay the amount due to the city of Concord for real estate purchased at the tax collector's sale of real estate for the unpaid taxes for the year 1925.

Passed July 12, 1926.

RESOLUTION APPROPRIATING MONEY FOR THE SEWER DEPARTMENT.

Resolved by the Board of Aldermen of the City of Concord, as follows:

That the sum of eleven hundred dollars (\$1,100) be, and the same hereby is, appropriated out of any money in the treasury not otherwise appropriated, for the sewer department.

Passed July 12, 1926.

RESOLUTION PROVIDING FOR THE PAYMENT FOR AN OVERFLOW SEWER THROUGH PLEASANT STREET EXTENSION AND RAILROAD SQUARE.

Resolved by the Board of Aldermen of the City of Concord, as follows:

That the sum of five thousand dollars (\$5,000) be, and hereby is, appropriated for the purpose of constructing an overflow sewer through Pleasant Street Extension and Railroad Square, connecting with the Main Street sewer at Pleasant Street Junction and with the 28 inch by 48 inch outlet in Railroad Square at the north end of the train shed, and that the said sum of five thousand dollars (\$5,000) be raised by the issue of two serial notes of the City of Concord for two thousand five hundred dollars (\$2,500), one maturing one year after date of issue and the other maturing two years after date of issue, with interest at such rate, not exceeding five per cent and payable at such place as the city treasurer with the approval of the Finance Committee may determine, and the mayor and city treasurer are au-

thorized, with the approval of the Finance Committee, to execute, issue and sell said notes in behalf of the city. Said notes shall conform to the provisions of Chapter 59 of the Public Laws.

Passed July 12, 1926.

RESOLUTION APPROPRIATING MONEY FOR A MEMORIAL TO THE SPANISH WAR VETERANS, WARD ONE.

Resolved by the Board of Aldermen of the City of Concord, as follows:

That the sum of two hundred dollars (\$200.00) be, and hereby is, appropriated for a memorial to the Spanish War Veterans, in Ward One. Said sum to be charged to the appropriation for Incidentals and Land Damages.

Passed July 12, 1926.

RESOLUTION APPROPRIATING MONEY FOR THE RECONSTRUCTION OF THE LITTLE POND IN WHITE PARK.

Resolved by the Board of Aldermen of the City of Concord, as follows:

That the sum of one thousand dollars (\$1,000) be, and hereby is, appropriated out of any money in the treasury not otherwise appropriated for the reconstruction of the little pond in White Park so that it may be made more sanitary as a wading pool for the small children, leaving the original design of the pond and depth about the same as present, relay the cobble stones in the wall set in cement, remove about a foot of bottom and fill in about the same of gravel. Said sum to be expended under the supervision of the Board of Park Commissioners.

Passed July 12, 1926.

RESOLUTION AUTHORIZING THE PURCHASE OF THE ARMENIA S. WHITE PROPERTY FOR CITY PURPOSES.

Resolved by the Board of Aldermen of the City of Concord, as follows:

That the Finance Committee be and hereby is authorized in its discretion to bargain for the purchase, in behalf of the city and for the use of the city, of the property of the late Armenia S. White located on Capitol and School streets in Concord, New Hampshire, the price not to exceed the sum of \$40,000 with the house, or not to exceed the sum of \$38,000 without the house. And be it further resolved

That the mayor and the city treasurer be authorized, with the approval of the Finance Committee, to sign, execute and deliver in behalf of the city such contracts or other instruments as may be required to carry into effect any bargain made by the Finance Committee in pursuance of this resolution.

Passed July 22, 1926.

RESOLUTION AUTHORIZING THE MAYOR TO EXECUTE A QUITCLAIM DEED TO PROPERTY FORMERLY OWNED BY NELLIE THOMPSON.

Resolved by the Board of Aldermen of the City of Concord, as follows:

That the mayor is hereby authorized to execute a quitclaim deed of property formerly belonging to Nellie Thompson, Ward Eight, being lots 51 and 52, as shown on Map C in the assessors' office, sold to the city for taxes at a price to include all taxes and costs assessed against said property.

Passed August 9, 1926.

RESOLUTION ACCEPTING OFFER OF ALLEN HOLLIS OF AN ATHLETIC FIELD.

Resolved by the Board of Aldermen of the City of Concord, as follows:

That the proposal of Allen Hollis to convey to the city for playground purposes a tract of land on Fruit street be accepted, and that the mayor with the advice of the city solicitor be authorized to accept a deed of said property in form satisfactory to him.

Further resolved that the city solicitor be directed to prepare for consideration of this Board an ordinance establishing a recreation commission as provided in Chapter 42, Section 35, of the Public Laws, to which commission the management of said playground may be delegated

Passed August 27, 1926.

RESOLUTION APPROPRIATING FOUR HUNDRED DOLLARS FOR REPAIRS BUILDINGS.

Resolved by the Board of Aldermen of the City of Concord, as follows:

That the sum of four hundred dollars (\$400) be, and the same hereby is, appropriated out of any money in the treasury not otherwise appropriated for repairs buildings.

Passed September 13, 1926.

RESOLUTION APPROPRIATING ONE THOUSAND DOLLARS FOR INCIDENTALS AND LAND DAMAGES.

Resolved by the Board of Aldermen of the City of Concord, as follows:

That the sum of one thousand dollars (\$1,000) be, and the same hereby is, appropriated out of any money in the treasury not otherwise appropriated for incidentals and land damages.

Passed September 13, 1926.

RESOLUTION APPROPRIATING MONEY FOR A TYPEWRITER FOR THE TAX COLLECTOR'S OFFICE.

Resolved by the Board of Aldermen of the City of Concord, as follows:

That the sum of seventy-five dollars (\$75) be, and the same hereby is, appropriated for the purchase of a typewriter for the tax collector's office, said sum to be charged to the account of incidentals and land damages.

Passed September 13, 1926.

RESOLUTION APPROPRIATING ADDITIONAL MONEY FOR THE AUDITORIUM EXITS.

Resolved by the Board of Aldermen of the City of Concord, as follows:

That an additional sum of four hundred dollars (\$400) be, and hereby is, appropriated out of any money in the treasury not otherwise appropriated for the Auditorium exits.

Passed September 13, 1926.

RESOLUTION AUTHORIZING AN EXTENSION OF THE SEWER ON KENSINGTON ROAD.

Resolved by the Board of Aldermen of the City of Concord, as follows:

Whereas the Board of Public Works has determined that it is desirable to extend the sewer on Kensington road from the northerly terminus of the sewer as now laid, northerly to a

point which will permit entrance to the said sewer from the houses now being constructed by John W. Pearson and Jonathan Piper; and

Whereas it may be that the appropriation for sewers will be insufficient for the construction of the whole of the said extension; and

Whereas it is expected that the said houses will both be completed and occupied before the close of the present year; and

Whereas the said John W. Pearson and the said Jonathan Piper are willing to furnish so much of the money as may be necessary for the said construction as may not be available for that purpose from the balance of the appropriation for sewers for 1926;

Resolved by the Board of Aldermen of the City of Concord, as follows:

That the mayor be authorized in the name of the city to make a contract with the said John W. Pearson and Jonathan Piper that the city shall on or about April 1, 1927, repay to the said John W. Pearson and Jonathan Piper such sum or sums of money as the said John W. Pearson and Jonathan Piper may furnish for the construction of said sewer.

Passed September 13, 1926.

RESOLUTION IN RELATION TO A TEMPORARY LOAN NOT EXCEEDING ONE HUNDRED THOUSAND DOLLARS (\$100,000.00) IN ADDITION TO AMOUNT ALREADY AUTHORIZED.

Resolved by the Board of Aldermen of the City of Concord, as follows:

That the Committee on Finance is hereby authorized to borrow on the credit of the city the sum not to exceed one hundred thousand dollars in addition to the five hundred thousand dollars already authorized for expenses in anticipation of taxes for the municipal year 1926 and to issue notes of the city therefor upon such terms and for such amounts as the Committee shall determine. The said loan is to be payable from the taxes for the said municipal year, and the said Committee on Finance is hereby authorized to refund all or any of the said notes at their maturity; provided, however, that the refunding notes shall be payable within one year after the date of the incurrence of the debt represented by the note or notes refunded.

Passed October 11, 1926.

RESOLUTION AUTHORIZING THE MAYOR TO EXECUTE A QUITCLAIM DEED FOR LAND SOLD TO GEORGE W. AND GUSTIE J. HANSON.

Resolved by the Board of Aldermen of the City of Concord, as follows:

That the mayor be authorized to execute a quitclaim deed of a strip of land four feet wide on the northwest side of West Garden to George W. and Gustie J. Hanson in return for a deed from said Hansons to the City of Concord of a tract of land adjoining the West Garden, approximately twenty-five feet.

Passed October 11, 1926.

RESOLUTION AUTHORIZING THE MAYOR TO EXECUTE A QUITCLAIM DEED TO PROPERTY FORMERLY OWNED BY DAVID HOWE AND EDWARD S. LORD.

Resolved by the Board of Aldermen of the City of Concord, as follows:

That the mayor is hereby authorized to execute a quitclaim deed of property formerly belonging to David Howe and Edward S. Lord, Ward Eight, being lots No. 4522 and 4526, as shown on Map C in the assessors' office, sold to the city for taxes, at a price to include all taxes and costs assessed against said property.

Passed October 11, 1926.

RESOLUTION CONFIRMING THE SALE OF \$195,000 BONDS, PART OF AN ISSUE OF \$550,000 BOND AUTHORIZED BY AN ACT APPROVED 26TH FEBRUARY, 1925, AND BY A RESOLUTION OF THE BOARD OF ALDERMEN PASSED 12TH OCTOBER, 1925.

Resolved by the Board of Aldermen of the City of Concord, as follows:

SECTION 1. That the sale by the city treasurer to Merrill, Oldham Co. at the price of \$100.94 and accrued interest of \$195,000 School Bonds of the city, issued on account of Union School District, bearing interest at the rate of 4 $\frac{1}{4}$ per cent and maturing \$5,000 thereof in each of the years 1927 to 1965, inclusive, being part of an issue of \$550,000 bonds, authorized by an act approved 26th February, 1925, and by a resolution of the Board passed the 12th October, 1925, be and the same is hereby approved and confirmed.

Passed October 18, 1926.

RESOLUTION APPROPRIATING THE SUM OF TWENTY-FIVE HUNDRED DOLLARS FOR INCIDENTALS AND LAND DAMAGES.

Resolved by the Board of Aldermen of the City of Concord, as follows:

That the sum of twenty-five hundred dollars (\$2,500) be, and the same hereby is, appropriated out of any money in the treasury not otherwise appropriated, for incidentals and land damages.

Passed November 8, 1926.

RESOLUTION APPROPRIATING THE SUM OF FIFTEEN HUNDRED DOLLARS FOR CITY POOR.

Resolved by the Board of Aldermen of the City of Concord, as follows:

That the sum of fifteen hundred dollars (\$1,500) be, and the same hereby is, appropriated out of any money in the treasury not otherwise appropriated, for city poor.

Passed November 8, 1926.

RESOLUTION APPROPRIATING THE SUM OF ONE THOUSAND DOLLARS FOR PRINTING AND STATIONERY.

Resolved by the Board of Aldermen of the City of Concord, as follows:

That the sum of one thousand dollars (\$1,000) be, and the same hereby is, appropriated out of any money in the treasury not otherwise appropriated, for printing and stationery.

Passed November 8, 1926.

RESOLUTION APPROPRIATING THE SUM OF TWELVE HUNDRED DOLLARS FOR TREES.

Resolved by the Board of Aldermen of the City of Concord, as follows:

That the sum of twelve hundred dollars (\$1,200) be, and the same hereby is, appropriated out of any money in the treasury not otherwise appropriated, for trees.

Passed November 8, 1926.

RESOLUTION RELATING TO THE TAXES OF CLARA E. SARGENT.

Resolved by the Board of Aldermen of the City of Concord, as follows:

That the mayor be, and hereby is, authorized to make such disposition as he deems wise of the record claim of the city upon the property of Clara E. Sargent arising out of a sale on May 23, 1912, for unpaid taxes, and in making such adjustment to give such certificate of redemption of her property from said sale or such quitclaim deed in the name of the city as he may deem circumstances to require.

Passed November 8, 1926.

RESOLUTION AUTHORIZING THE MAYOR TO EXECUTE A QUITCLAIM DEED TO PROPERTY FORMERLY OWNED BY NELLIE T. THOMPSON.

Resolved by the Board of Aldermen of the City of Concord, as follows:

That the mayor is hereby authorized to execute a quitclaim deed of property formerly belonging to Nellie T. Thompson, Ward 8, being lots listed in the assessors' office as follows:

Twenty-seven lots W-S South Pembroke road, 4680 Map C.

Eleven lots W-S South Pembroke road, 4601 Map C.

Eight lots W-S South Pembroke road, 4640 Map C.

Forty-four lots E-S Canterbury road, 4601 Map C.

Ten lots Lincoln Park, 4601 Map C.

Sold to the city for taxes, at a price to include all taxes and costs assessed against said property.

The deed to this property to be made out in the name of William E. Sleeper.

Passed December 13, 1926.

RESOLUTION IN RELATION TO A TEMPORARY LOAN NOT EXCEEDING SIX HUNDRED THOUSAND DOLLARS (\$600,000).

Resolved by the Board of Aldermen of the City of Concord, as follows:

That the Committee on Finance is hereby authorized to borrow on the credit of the city the sum not to exceed six hundred thousand dollars (\$600,000), for expenses in anticipation of taxes for the municipal year 1927, and to issue notes of the city

therefor upon such terms and for such amounts as the committee shall determine. The said loan is to be payable from the taxes for the said municipal year and the said Committee on Finance is hereby authorized to refund all or any of the said notes at their maturity; provided, however, that the refunding notes shall be payable within one year after the date of the incurrence of the debt represented by the note or notes refunded.

Passed January 10, 1927.

RESOLUTION AUTHORIZING THE APPROPRIATION OF INCOME FROM THE BENJAMIN A. KIMBALL FUND AND THE HENRY A. KIMBALL FUND TO BUILDING FUND OF THE PUBLIC LIBRARY.

Resolved by the Board of Aldermen of the City of Concord, as follows:

That the sum of twenty-eight hundred dollars, being a portion of the income of the Benjamin A. Kimball Fund for 1926, and the sum of four hundred and fifty dollars, being a portion of the income of the Henry A. Kimball Fund for 1926, be and the same hereby are appropriated to a fund for improvement of Public Library facilities, the same to be expended by the trustees of the Public Library for additions or new construction or land or such other purpose as they may deem it best in connection with enlarging or improving Public Library facilities; and until the sums so appropriated are called for by the said trustees, they are to be invested by the Trustees of Trust Funds and the income allowed to accumulate.

Passed January 10, 1927.

RESOLUTION ASKING FOR PROPOSALS FOR PRINTING AND BINDING THE ANNUAL CITY REPORTS.

Resolved by the Board of Aldermen of the City of Concord, as follows:

That the city clerk be, and hereby is, instructed to ask for sealed proposals for printing and binding the city reports for the year 1926 and submit the same to the Finance Committee, who shall have full power to act in the matter.

Passed January 10, 1927.

RESOLUTION APPROPRIATING MONEY FOR DEFICITS IN THE SEVERAL DEPARTMENTS.

Resolved by the Board of Aldermen of the City of Concord, as follows:

SECTION 1. That the sum of ten thousand five hundred fourteen and 46-100 dollars (\$10,514.46) be, and hereby is, appropriated out of any money in the treasury not otherwise appropriated, to pay outstanding claims as follows:

Auditorium Exits	\$14.39
Board of Health	624.17
County Poor	1,808.06
Fire Department	797.43
Garbage	2,431.92
Interest *on Bonds	1,171.25
Interest on Temporary Loans	3,286.57
Salaries, City Hall	380.67
	\$10,514.46

SECT. 2. That there be transferred to the appropriation for Garbage for the year 1926, the sum of two hundred fifty-nine and 21-100 dollars (\$259.21), the same being the earnings of this department.

SECT. 3. That there be transferred to the appropriation for Police and Watch for the year 1926, the sum of six hundred forty and 12-100 dollars (\$640.12), the same being the earnings of this department.

SECT. 4. That there be transferred to the appropriation for Sewers for the year 1926, the sum of ten hundred thirteen and 87-100 dollars (\$1,013.87), the same being the earnings of this department.

SECT. 5. That there be transferred to the appropriations for Roads and Bridges for the year 1926, the sum of forty-two hundred eighty-one and 63-100 dollars (\$4,281.63), the same being the earnings of this department.

SECT. 6. That the several departments be authorized to transfer any balances within their appropriation that may be necessary to balance the accounts.

SECT. 7. This resolution to take effect upon its passage.

Passed January 10, 1927.

MAYORS OF CITY OF CONCORD.

The original charter of the city was adopted by the inhabitants March 10, 1853, and until 1880 the Mayor was elected annually. Since 1880 the Mayor has been elected for two years at each biennial election in November. Under the City Charter, adopted May 11, 1909, the Mayor was elected in December, 1910, for one year, and biennially thereafter in November, beginning in the year 1911.

REPORT OF THE BOARD OF EDUCATION

To the Voters of Union School District:

At the last annual District meeting, the Board was instructed by the District to investigate the need of a new grade school in the south end of the city, and if advisable, to select a site for the same, and secure such site for the District by obtaining an option for its purchase. In accordance with that vote, the Board has undertaken to make such examination of the needs of the District, so far as the south end is concerned, and to determine which site of those available seemed best for the purposes of the District. The so-called south end of the city for school purposes may be regarded as that portion of the city south of Downing Street, and has within its territory the Penacook, Cogswell, Dunklee, and Iron Works Schools. The school population is now about as follows:

The Penacook School, which is some 57 years old, a four-room building, has a population of 160 to 175 pupils; the Cogswell School, a two-room building, has a population of about 85 to 90 pupils; the Iron Works School, about 31; and the Dunklee School, about 60. It has long been felt by the residents of this section that there should be one good new school building to serve the school needs of this rapidly growing part of the city.

In accordance with the above mentioned vote, the School Board took measures to examine the entire territory to find a lot, if possible, of proper location, size and value. We considered that if a new building is erected, it should be one probably of twelve rooms, so constructed as to be most economically enlarged when necessary, and with a large enough area about it to provide for all recreational facilities for both boys and girls separately. Many parts of the south end are thickly populated, and this fact resulted finally in only four sites being critically examined.

They are: (1) The area, now partly occupied, bounded on the north by West Street, on the east by Glen Street, on the west by Dunklee Street and on the south by Allison Street.—our Dunklee Street Kindergarten is on this area. This whole area comprises some 4 and $\frac{6}{10}$ acres, and has upon it twelve houses, some of them of the double-tenement type, and the assessed value is \$44,050. If the property on this area which faces on Allison Street and West Street should not be considered, the assessed valuation would be \$25,050, but the space available for school purposes would thereby be very considerably decreased.

(2) The property bounded by Clinton, South and Avon Streets, comprising an area of 2 and $\frac{3}{10}$ acres, having two houses upon it and of an assessed value of \$15,000.

(3) What may be called the Broadway site, located on the east side of Broadway, south of McKinley Street and nearly opposite the Rollins Park playground. This area contains 5 and $\frac{6}{10}$ acres of land, and has an assessed value of \$3,500.

(4) A site which is a part of the Frank W. Paige Farm, on the west side of South Street, and immediately north of the residence of Mr. Paige and south of Pillsbury Street. This site was most critically examined from the standpoint of all phases of school needs that occurred to us. It is a level area, beautifully located, the ravine that separates in part this area from the highway could easily be filled in, leaving an attractive pine growth upon the site that would make it a place unique for beauty and recreation. Mr. Paige will sell to the District an area of eight acres for the sum of \$450 per acre, that is, for the total acreage, \$3,600. This area would have a frontage on South Street of 800 feet. From the facts available to us, it seems that the growth in the south end is largely between Broadway and South Street and also to a considerable extent south of Clinton Street and west of South Street. On the whole,

from the standpoint of size, cost, a fair degree of centrality and the prospect of being in the line of future growth, this site proved to be the one most appealing to the Board.

It should be remembered that areas as large as herein discussed cannot be taken by the right of eminent domain;—the property therefore must be obtained by negotiation.

We have, therefore, under the authority set forth in the vote of the District, paid Mr. Paige the sum of \$100 for the privilege of an option for the purchase of this area, the option to be exercised before May 1st, 1927. We believe this option should be exercised, and the District would then have a suitable site for its future school house.

It may be that some other site will prove to be more desirable to the District than this one,—if so, we believe it should be acquired now, before the rapid building of homes and other improvements largely increase the cost. In this connection, it might be stated that the sites of the Cogswell and Penacook Schools cannot be economically enlarged, but the abandonment of these and the other school buildings named, with the tracts of land on which they stand, would mean a very considerable sum upon the sale of these properties.

It will be noted that in this discussion we made no mention of the Hall Street section as related to this school site. There has been talk of direct access from Hall Street to such building as might be erected to the south end of the city to accommodate the children of the Hall Street neighborhood by means of an overhead bridge across the railroad tracks,—we believe this to be impracticable, and that the needs of the Hall Street section must be otherwise provided for.

This leads us to offer a suggestion concerning the Hall Street School, which has been in operation since the first of the year in a building, the purchase of which was authorized at the last District meeting. This school has had as high a population as 24 pupils, a much larger number than anticipated, and rather more than the capacity of the room in which the school is held. It comprises four grades.

The children of the Hall Street section have no Kindergarten facilities. If this section of the city continues to grow, an adequate school building must soon be provided. We feel that the operation of this present school has been successful, in that it has met a real need. In the event that presently a larger school building should be necessary, the entire outlay for the property now in use could undoubtedly be recovered upon the occasion of its sale.

We believe the time has come to consider the appointment of a Dean for the boys of the High School. This suggestion in no way reflects upon the serious attempts constantly made by the teachers in the High School to direct and guide the boys properly along correct social and scholastic lines at the present time, and to advise them as to their future work. However, we are convinced that such work as is now done cannot, in the nature of things, be adequate, in addition to the regular work of the teachers.

Certain considerations bearing upon the matter of a dean may be noted.

(a) Probably 50% of the boys in this or any high school are in need of sound advice in determining their life work;

(b) The number of boys who have an appreciation of post secondary education is surprisingly small;

(c) Organized school spirit among the boys in the High School leaves much to be desired;

(d) Intimate acquaintance with boys everywhere proves that even at the High School age a too large proportion of boys have been deprived of proper information of the most vital things of life—information not only necessary to their own welfare, but likewise necessary to the success and welfare of the school;

(e) A more intimate understanding on the part of the parents of the boys as to school activities is desirable;

(f) The boys of the High School would without doubt welcome the idea;

(g) The logic that brought about the position of Dean for girls applies with equal force to the suggestion of a Dean for boys.

It would seem obvious that such work can be better done when the obligation is in the hands of a single individual, whose time, except for a small amount of teaching, is all taken up with this character of work, than when done by several whose chief obligations are elsewhere. Our conviction is, perhaps, based in part upon the fact that the work of Miss Anderson, Dean of Girls, has been attended with great success.

While the new High School building is strictly under the direction of the Joint High School Building Committee, of which the Board of Education is a part, it will be proper, we feel sure, to announce at this time that there is some likelihood that the new High School building will not be ready for occupancy before January 1, 1928. We are satisfied that the contractors have done all within reason to complete the building by September 1, 1927, but ordinary delays and bad building weather have retarded the work beyond usual expectations. That the building is being soundly constructed, in accordance with the spirit and the letter of the specifications, we feel assured.

The Board has one representative, Dr. Metcalf, on a Citizens' Committee which has undertaken the task of building a Memorial Athletic Field. This committee has procured a tract of land, several acres in extent, on South Fruit Street, not far from the New High School and expects to begin construction this year.

When completed, the playground will have a football field, a baseball diamond, a quarter mile cinder track, tennis courts, bleachers and a locker building. The project has been greatly encouraged by a munificent initial gift of \$10,000 from Hon. Allen Hollis. Money to complete the fund, about \$40,000 more, is to be raised by subscription.

We wish to say that the Board has watched with great interest the proposed legislation, and the changes made in

the same from time to time in the present Legislature, relating to the affairs of Union School District. We have, ourselves, taken no part in the matter, because of the fact that the proposed legislation vitally affected your School Board. We wish to say here, however, that the legislation now pending, providing for election of school board members by means of the Australian ballot somewhat modified, and further providing for the publication of the District's budget well in advance of the District meeting, permitting a full participation in the discussion or make-up of the same by the public, has our hearty and unqualified approval.

Of course, the outstanding matter of interest in the District for the past year has been the survey authorized by the District two years ago. The material pertaining to this has been made a public record, and on this information the public opinion may be formed. The School Board, therefore, does not herein enter into any further discussion of the issues involved, nor does it offer any recommendations in reference to the same.

Respectfully submitted,

HARRY F. LAKE,
W. STANLEY EMERY,
OSMA C. MORRILL,
CARLETON R. METCALF,
DOROTHY B. JACKSON,
MERTON C. KNAPP,
BENNETT BATCHELDER,
ELISABETH R. ELKINS,
JOSEPH S. OTIS,

Board of Education of Union School District.

(4) For the payment of interest (statutory),		26,502.50
(5) For the payment of other statutory requirements,		
(6) For the general administration of the schools,		9,570.00
Total budget for 1927-1928,		391,177.06

REPORT OF THE SUPERINTENDENT

To the Honorable Board of Education of Union School District, Supervisory Union No. 8:

I am submitting for your consideration my forty-first report of the condition of the schools of this district, it being the sixty-ninth of its series.

The year just passed has been filled with much of moment to education in this city, the State and the Nation.

In the face of a great deal of disturbance of a varied character the progress of school work has been carried on with a definite degree of success both by a capable corps of faithful teachers and an interested, studious pupil body.

It would be for the decided advantage of school work if it could be allowed to proceed without the unnecessary disturbance that has been in evidence for the past eight years.

In this city the course of study, the methods used in carrying it out, and the means of improving the teaching corps have been in accord with the most approved modern educational ideas.

In the State, nothing is being left undone to advance educational standards in curricula requirements, in making the teaching corps more efficient, and in giving a better chance for education in the rural districts. The even distribution of educational opportunity among the youth of the State is a blessing too little realized outside of immediate educational circles.

In the Nation nothing is being left undone to promote the efficiency of public education. The National Organizations were never more prosperous nor better organized.

Prominent among the things that are receiving special attention are:

1—Radical changes in the curricula for all grades of school.

2—A recently appointed commission with Dr. Charles H. Judd of the University of Chicago, as Chairman, is now making investigations to formulate a definite report on shortening the elementary curriculum.

3—The promotion of the idea of high school extension courses by which public school pupils can get, if they desire it, advanced work in Mechanic Arts, Domestic Arts and Commercial subjects, and additional work along the lines of college requirements, thereby saving one or two years' stay in college.

4—Health education including physical drill leads in curricula changes and will mean great progress in raising the standard of public school work all over the country.

I ask your attention to these trends of educational thought to the end that the schools of this city may continue in the progressive educational current and not be turned into eddies through an improperly inflamed public mind.

The accomplishment of the schools of this district may be determined from the part of this report that follows.

Pupil Enrollment

From the attendance tables one can see a slow gain in pupil enrollment each succeeding year. The past year shows quite an even distribution throughout the entire district.

The rural schools are more than holding up to past records, the kindergartens are being more largely attended, the elementary grades are larger, the Junior High grades remain about the same and the Senior High School has grown perceptibly since last year.

The increases will be well taken care of in all sections when the new high school building is occupied. Until then, some sections and various rooms will be overcrowded, teachers enforced to bear a teaching load that ought not to

exist, and parents confronted with the inconvenience of having their children transferred to various buildings.

There are about one hundred seventy-five more pupils in the public schools than there were last year. The even distribution of this increase does not suggest the employment of additional teachers. In the Harriet P. Dame School, however, the congestion called for one extra teacher. This section of the city is steadily growing and its continued growth will call for the erection of another building farther to the east in the not too distant future.

The senior high school attendance will, in a short time, reach a maximum of six hundred fifty.

Buildings

The school buildings are generally in good repair. I renew my former recommendation that a specific sum be appropriated each year to keep natural deterioration from gaining too much headway.

The Hall Street building, originally a dwelling house, was bought by the district for school use. A room was fitted up with the necessary closet attachments to accommodate about twenty-five pupils. By careful planning the room has approximated the air space required for such a room, the lighting made sufficient, and the ventilation taken care of by an electric-fan attachment. The heating appears to be adequate and the yard room sufficient for playground privileges. Outside of the upper story, the building and garage have been rented and the revenue added to the general fund.

The spare room in the Harriet P. Dame School was occupied at the beginning of the fall term.

The Practice House on Warren Street was enlarged during the summer vacation by an addition on the east side. This furnished extra room in the basement, a new kitchen on the first floor and an enlarged sewing room in the second story. The working conditions have been greatly improved by this enlargement.

The upper corridor of the Kimball School was closed in by glass doors on each side thus insuring a limited hall space, well heated, that adds materially to the efficiency of the building.

The Eastman School caught fire, in the roof, from burning grass in the yard, on April 14, 1926, and the building was damaged to such an extent that school was suspended for two days before the vacation, the classes in the meantime, being housed in one of the halls in the village.

The Kimball, Eastman, and the Mountain Schools were fitted up with electric lights. These have proved a great convenience too long delayed.

The inside of the machine room and the closets at the Morrill School were painted.

There is pressing need that the City Water System be extended to East Concord and also to Concord Heights.

It is difficult to see how the Harriet P. Dame School could be saved in case of fire with the present lack of facilities for extinguishing it. There are no adequate sanitary conveniences in this building.

Much difficulty was experienced last spring at the fire in the Eastman School owing to inadequate water supply and delay in getting the stream to the building. The present system for flushing the closets in this building is entirely inadequate and unreliable.

Telephones are now installed in all the school buildings.

The new High School building in process of construction will give ample room for relieving congestion in many sections of the city. It is hoped that this may be ready for occupancy by the beginning of the next fall term.

The option on the lot at the South end of the City should be taken up. Its location is wisely selected.

Summer School

Free summer schools were instituted during the summer of 1926. There were four rooms in the Kimball School devoted to this work. The first six grades of school were

conducted, the pupils being largely those who needed to make up back work. The results were very satisfactory, many pupils keeping grade and some advancing a grade.

The teachers were:

Grace B. Kelley, Classes K, L—6th year.

Margaret G. Mannion, Classes I, J—5th year.

Katharine E. Crabbe, Classes E, F, G, H—3rd and 4th years.

Evelyn P. Blackwood, Classes A, B, C, D—1st and 2nd years.

The School Survey

The survey of the schools of this district conducted by Dr. Frank E. Spaulding, Dean of the Graduate School of Education of Yale University, was completed and submitted to the Board of Education last May.

The three major recommendations; that of appointing three special teachers, of discontinuing the Dewey Training School, and of adding another Junior High School year were not adopted by a majority vote of the Board of Education.

In the opinion of the superintendent these recommendations were not warranted by the Surveyor's findings, inasmuch as he acknowledged the superiority of the schools, could find no fault with school achievement, and thought that the present system could do much better work under the Reorganization Plan submitted by the superintendent than it is doing at present.

It is indeed unfortunate that the schools of this city should be subjected to such a long period of unrest, for which, in the judgment of the superintendent, there was not the least need. They have lost perceptibly by this unwarranted interruption and a reasonably long period of uninterrupted will be needed to bring them back into normal condition.

School Work

The work of the High School, The Morrill School of Mechanic Arts, Home Economics, Music, Drawing, Physical Education, Attendance Officer, Medical Inspection, and Kindergartens is fully set forth in the special reports to be found in this pamphlet. I commend them to your careful reading.

The work of the Junior High Schools is definitely progressive and up to date as far as housing limitations will permit. When these schools are located in one building you will note a very perceptible improvement in about all the lines that modern thought is assigning to such work. This will be evident in an expanded curriculum, including a more comprehensive course in social science, and a two-year course in modern language, and enlarged extra-curricula and social activities.

This is an opportunity that the superintendent has looked forward to for the last seventeen years. Its realization will mean more thorough and more inclusive work for these schools.

The work of the elementary grades is making progress along the most modern lines of educational thought and they invite your careful inspection.

Definite progress has been made in the following various phases of school work.

1—The Dewey Training School maintains its former standard of successful, conscientious training of teachers. According to many of the superintendents of the State these standards are unsurpassed.

2—The completion of individual pupil records is at hand. This is being accomplished by Asst. Supt. Walker. He has also given much time to intelligence and achievement tests with the result that an accurate knowledge of pupil capacities is being methodically tabulated, and the relative standing of our schools is being definitely determined.

3—The health of the children is receiving valuable methodical care from the Department of Medical Inspection and dental clinics.

4—Physical culture is given attention by the Physical Director who also handles successfully the athletic teams.

5—The care of the houses is looked after by a capable corps of janitors.

Recommendations

1—That a special appropriation for the upkeep of the school buildings be made each year.

2—That measures be taken to induce the city to extend its water supply to the Eastman and the Harriet P. Dame Schools.

3—That consideration be given to determining definite salary increments for teachers who take summer courses in standard summer schools.

4—That the curriculum of studies for the Junior High and the Senior High Schools be so changed as to provide for the more complete segregation of pupils by groups, thus insuring a more complete education for each group.

5—That music and drawing be granted more credits than are given them now.

6—That motion picture machines be provided for the Junior High Schools when consolidated in the present High School Building, and also for the new High School Building.

7—That opportunity classes be established in each of the larger school buildings when room is available.

8—That a department of automobile study be introduced into the Morrill School of Mechanic Arts.

10—That the summer schools be extended to include Junior High and Senior High classes.

11—That the mid-year graduation from the High School be made as much of a public function as the graduation of June classes.

The Teaching Corps

The superintendent is glad to testify to the superiority of the teaching corps of the schools as regards capacity for teaching, energy, progressive thought, faithfulness, and loyalty to the interests of the pupils.

It is earnestly hoped that such a spirit may always be characteristic of the teaching corps of your schools. It means everything to the success of school work.

During the past three winters many teachers have availed themselves of college extension courses made possible through their own contributions. Such work is of great value to a teacher of any grade of school.

I bring to your attention the need of an adopted plan that will offer special motive for a teacher to take advanced study through a scheme of salary increments. Some such inducement is necessary to save the corps from assuming a "dead level" and for keeping school work abreast of the times.

A Reorganization Scheme

This plan in definite form was submitted to the Board of Education during the year.

The scheme embodies many things that the schools have never had as yet. It provides

1—Definite financial economy.

2—The unification of all the Junior High School activities in one building, thus giving the pupils instruction by the same corps of teachers for two consecutive school years.

3—The better accomplishment of real Junior High activities and conditions:

a—Better application of broadening and finding courses.

b—The more extensive realization of worth while club activities.

c—The better assignment of such influences to each course.

d—A better opportunity to discriminate in enriching the curriculum.

4—The immediate furnishing of more room below Pleasant Street.

5—The unification of sixth grade instruction in the central part of the city.

6—Additional schools for backward pupils.

7—One class to a room in the city proper from the fourth grade upward, thus insuring an advance in the amount and quality of the work done.

A High School Extension Course

In my report of 1918 I recommended the installation of extension courses to the High School curricula and renewed it again in 1922. Recently a "sample copy" of the "School Review," a leading educational magazine, came to my office with an editorial recommending such courses. The editorial staff of this publication is one of commanding educational strength, having the confidence and the respect of the entire educational world.

I again urge your Honorable Body to give serious thought to putting such courses into effect in the Senior High School.

Such a plan would offer the following :

In the Commercial Course

Advanced stenography and typewriting.

Secretarial work.

Salesmanship.

Elementary Accounting.

Commercial Law.

Advanced Economics.

In the Technical Course

Training that would fit students admirably for the scientific and engineering courses of the leading technical schools.

In the Vocational Course

Vocational work including part-time courses in connection with Concord industries. Half the cost of teachers' salaries would be assumed by the National Government.

In the Academic Course

Advanced credit for a degree from college or university or extended work in high school studies for those who wish to take another year but do not intend entering higher educational institutions.

While the per capita cost might be large at first, it would eventually assume lower levels.

A course on these lines is in operation in some cities, Springfield, Mass., being a notable example.

The Eleven Year System

The schools of this district have been conducted under systems of fifteen, fourteen, thirteen, an abridged twelve, and eleven years in length during the last forty-two years.

For the last seventeen years the eleven year system has been in force here and more effective and economical work has been done under this system than under any other.

This has been made possible by more scientific teaching, by a more carefully prepared and adjusted curriculum of studies, by a more complete and rational employment of the pupil's school time and the elimination of those things from the curriculum that are in no way essential to the education of the child.

Everything in quantity has been accomplished under this system that has been accomplished under the ordinary twelve year system.

The following accomplishments are fully vouched for by the superintendent.

Scholarship

Higher standards of scholarship have prevailed.

The requirements have been made more rigid, the standard of promotion having been raised from 65% to 70%.

During the period of its existence one delegation of boys sent to Dartmouth College took the Dartmouth Plaque and another delegation came very near taking it.

This year the four boys entering Dartmouth College freshman class had the second best standing in the class.

The delegation sent to the New Hampshire State University was the best that has been sent from our high school.

Holding Power

Out of every 100 children entering the first grade 37 may be expected to continue through the high school.

This system holds the children of the masses much beyond the fifth year of school which is the limit in most cities.

The percent of pupils in grade eight, in the last year when the twelve year system was in operation, was 6.80%. In the year 1925 under the eleven year system it was 9.2%. In the high school the percents were 18% and 24% respectively.

Advantages for people who cannot give their children extended education

It has saved them the expense of an added year.

It has saved them the expense of added taxation.

It has given to many of their children one year of high school credit that they would not have gained under a twelve year system.

School Morale

The number of cases of corporal punishment have been practically eliminated while this system has been in operation.

Truancies have been greatly reduced.

A wholesome attitude between teacher and pupil has been greatly promoted.

It has permitted the divorcing of pupils from the social distractions of the Senior High School for one year longer. While these things may not have been due to the system, nevertheless they have come about during its operation.

Financial Economy

The system saves one year of school expense.

In the last sixteen years it has saved the taxpayers of this district at least an *average* of \$10,000 a year or an amount of \$160,000.

If the matter of extending the bond issue in 1910 had been compulsory the amount would have been increased by \$60,350, making a total of \$220,350. If a Junior High year should be added it would cost from \$20,000 to \$27,000 a year more than it is costing to maintain the schools as they are now being conducted.

This would have to be raised by direct taxation each year.

The working of the system has been carefully watched by the superintendent for the last sixteen years, during which time he has made approximately 9,500 visits to the schools and he can substantiate these assertions with detailed facts when he advises the people regarding its continuance.

His ideas are in accord with and proposed by some of the the highest educational authorities in the country.

The Pupil Health

Under this system the pupil health has been the subject of much care and thought. The result has been that

not so many cases of overstrain have been brought to the superintendent's notice as have been cited in the longer systems.

That there has been no serious overstrain is subscribed to by

Dr. Frank E. Spaulding, Surveyor.

Dr. Arthur K. Day, Medical Inspector.

Dr. Clarence M. Kelly, Psychiatrist.

The superintendent commends this system to the Board of Education, to the people of this district, and advises other school boards and superintendents to look into its educational and financial economy.

May Belle McLam passed from earth August 26, 1926.

I had known Miss McLam as a pupil in the elementary grades, in the high school, and as a student in college, also throughout her long term of service as teacher.

I sincerely bear testimony to her fine character, excellent scholarship, and success as a teacher.

Her record is one of clean, conscientious, intellectual teaching that can be seldom equalled.

The Old and the New

An experience and a clear school perspective of forty-six years reveals to me the fact that school complaints in concrete form make their appearance in distinct, recurring cycles.

Concord seems to be in one of those cycles at the present time but the extent of the complaining area and the intensity of complaint are no greater than in some previous times.

In character the complaints are identical with those of thirty, forty, fifty and sixty years ago. One fond mother is certain that her child is just as capable as the child of her neighbor on the opposite corner, another thinks her child crowded too much, another thinks that all school work should be done in school hours, and that time out of school hours should be given over to other things. What these things are about every teacher and superintendent knows. Still another, *moriturus*, thinks school work done in the modern way is all wrong because it is not conducted as it was when she went to school.

The writer remembers every one of these and many other such complaints being made to him when he was teaching forty-four years ago. Search the old school reports and you will find them all mentioned.

The period when "hurry" in school work was criticized most was during the time when the school course was fifteen years in length. There were many more complaints of that nature then than there are now.

As a matter of fact there has never been a time in the last forty years when such complaints were so infrequent as in the last fifteen years, even though the last eight of those years have been marked by forced unrest in school matters.

There must be some good reason for such difference, such change. Doubtless the main cause is the surpassing excellence of modern methods of teaching, the better regulation of school time, and closer supervision of school work.

These things have followed rational state requirements for the certification of teachers, with the result that the efforts of the teacher are directed not only toward enabling the child to acquire knowledge but also, in increasing degrees, toward developing in him the power to initiate, to develop a sense of justice, integrity of character, and to work for the common good of mankind.

At the same time pupil scholarship has advanced so that, on the average, a thirteen year old child is, beyond ques-

tion, better educated, better prepared for living a clean, worthy life than the sixteen year old pupil of forty years ago.

If people who are prone to find fault with the modern school would conscientiously ask themselves the following questions and answer them honestly, the cause of education not only in this city but everywhere would receive great impetus.

1—Am I a parent? If not, have I as good a right to complain as the one who has children in school?

2—Do I know definitely what the schools are doing?

3—Do I know what studies my child is pursuing in school?

4—Do I know what studies my child is excelling in, and what studies my child learns with difficulty?

5—Have I ever made the acquaintance of my child's teachers?

6—Do I simply sign my child's report-card or do I read it carefully before signing it?

7—Do I keep my child at home nights and see that he gets the proper amount of sleep?

8—Do I read the annual school reports faithfully?

9—Have I visited the schools enough to form an intelligent opinion of their value?

10—Have I ever talked over school matters with the superintendent?

An honest asking and answering of these ten questions would avoid a deal of useless trouble.

The schools have progressed measurably as have all other institutions, and one who expects them to be like the schools of old will be sadly disappointed if he makes an examination of them.

The accomplishment of the schools of long ago as regards efficiency, are completely outclassed by the modern school.

I acknowledge with gratitude the help I have received at the hands of all who have been associated with me in maintaining a high standard of school work during the past year.

Respectfully submitted,

L. J. RUNDLETT,
Superintendent.

**REPORT OF THE ASSISTANT SUPERINTENDENT
OF SCHOOLS, CONCORD, N. H.**

Superintendent L. J. Rundlett, Concord, N. H.

DEAR SIR:

During the present year, detailed studies concerning the instructional staff, the classification and progress of pupils, the achievement of pupils, and the school curriculum have been made. These studies are being issued in mimeograph form, and are available upon request at the office of the superintendent of schools. Among the subjects treated under each heading are:

I—The Instructional Staff.

1. Are Concord teachers, teachers of experience?
2. Is the Concord teaching staff a relatively permanent group?
3. Are the teachers of Concord a professionally-minded group?
4. Is the policy of advancing teachers from lower grade to upper grade work advantageous?
5. What has been the influence of the Dewey Training School upon the teaching staff?
6. Are the salaries of the Concord teachers average as compared with other cities?

II—Classification and Progress of Pupils.

1. Are Concord pupils too immature for the work of their grades?

2. Are Concord pupils progressing through the grades less rapidly than pupils in other cities?
3. How is Concord looking out for its over-age pupils?
4. Is the "Holding Power" of the Concord schools equal to the "Holding Power" of schools in other cities?
5. Is the rate of non-promotion in Concord more than that existing in other cities and towns?
6. In what ways do the Concord schools meet the needs of the individual pupils?

III—Achievement of Pupils.

1. How many pupils graduating from Concord High School enter colleges, normal schools, and other post-secondary institutions?
2. Are Concord pupils successful in passing the college entrance requirements?
3. What length of time has been found necessary to adequately prepare pupils for college?
4. What quality of work do Concord pupils do after being admitted to colleges?
5. Are Concord graduates successful in other lines of work?
6. How do Concord pupils rate in achievement in the fundamental subjects?

IV—Curriculum.

1. What are the courses of study offered in the Concord schools?

This annual report will treat briefly with the first of the major divisions, namely, the instructional staff.

THE TEACHERS OF CONCORD

I—The Teachers of Concord are Teachers of Experience.

INTERPRETATION AND COMMENTS

- Definitions: Senior High (grades 9-10-11).
 Junior High (grades 7-8).
 Elementary (grades 1-6).
 Special—Mechanic Arts, Home Economics Teachers—Drawing and Music Supervisors—Physical Instructors—Dean of Girls—Principal of Dewey Training School.
- 50 percent of the Senior High Teachers have taught four years or more.
 50 percent of the Junior High Teachers have taught 20 years or more.
 50 percent of the Elementary Teachers have had more than ten years' experience.
 50 percent of the Kindergarten and Special Teachers have had more than seven years and six years of teaching experience respectively.
 50 percent of the entire teaching corps of 136 teachers have had nine or more years teaching experience.

II—The Teachers of Concord Constitute an Unusually Stable and Permanent Group.

Median Years in District	3	15	9	4	4	7

INTERPRETATION AND COMMENTS

1. 50 percent of the entire teaching corps have taught in Concord seven years or more.
2. The table reveals that more frequent changes occur in the Senior High Group than in any of the others. Out of a staff of 22 teachers Headmaster Cook found it necessary to replace seven in September, 1926. Five of these replacements were secured from other systems, while the two others were transferred from Junior High to Senior High.
3. The fact that a large proportion of teachers have been long in the service may have its disadvantages as well as its advantages. Length of experience in any field is not necessarily a sign of efficiency. Experience may easily lead to routine formalism, and a prejudice against change. This idea has been very aptly expressed as follows: "The inertia of a preponderant older group may hold in check the progressive elements that come with the younger blood The problem is to insure within the service these conditions that will make the most of experience and maturity and, at the same time, counteract the tendencies to stagnation or arrested growth that increase with age."

III—The Teachers of Concord are a Progressive and Professionally Minded Group.

One of the outstanding general characteristics of the Concord schools mentioned by Dr. Spaulding in his *Original Report* was the attitude of progressiveness. He says, "A third noteworthy characteristic of the system is the general spirit and attitude of progressiveness, which is

by no means inconsistent with the continued use for many years of the same general methods and the same basal texts in certain subjects, such as arithmetic and reading. Formal, thoughtless routine, mechanically repeated year after year, finds no encouragement. The system presents unusually few evidences of the spirit or activities of such routine.

“The three general and comprehensive characteristics of the Concord school system, progressiveness, earnest work, and well-thought-out plans, are assets that cannot possibly be produced out of hand, in a day or a year. They are of slow growth, much easier to impair or destroy than to build up. They are invaluable to any school system. The Concord system has developed these assets to an unusually high degree; they should be cherished as beyond price.”

One of the specific duties of the Assistant Superintendent is to have general oversight of the professional training of teachers in service. As evidence of the professional mindedness of the Concord teaching corps he presents the following:

1. Seventy-two percent of all teachers engaged in Union School District for the year ending June 30, 1926, were holders of the highest form of state approval, namely, the State Certificate.

Concord ranks second of all cities in New Hampshire in the percentage of teachers holding State Certificates. The city that surpassed Concord has been offering special salary inducements to its staff for continued professional improvement.

2. During the present winter 46 teachers were enrolled in the Harvard-Boston University Extension Course, each Monday afternoon for a period of 15 weeks. The course this year was one in “Contemporary Literature,” conducted by Doctor Franklin of Boston University. Dr. Bixby, Assistant Superintendent of Cleveland

schools, gave a course in "Elementary School Methods" during last winter and members from the Department of Educational Psychology of Harvard gave the course the previous year. These courses have been faithfully attended by many of our teachers.

3. Twenty different teachers have been enrolled in group study in preparation for the state professional examinations. These groups, studying History of Education, Psychology and Pedagogy, School Law, and School Program, were under the general direction of the Assistant Superintendent and met approximately four afternoons a week in November and December, and May and June.
4. Faculty meetings are held on the average of twice a month by each principal. Many of these meetings during the past year have shown evidence of much thought.
5. The professional library at the Parker School is used very extensively by many of our teachers.
6. "The Annual Teachers' Survey" made in October, 1926, for the State Board of Education gives the following information concerning the professional training of our Concord teachers during the past three years. All teachers whom the survey showed to be enrolled in either summer school study or extension courses are listed in Table 3.

TABLE 3

Number of Concord Teachers Who Have Continued Their Professional Training During the Last 3 Years. Data Tabulated for all Teachers in Service October, 1926.

	Sen. High	Jun. High	Ele- men- tary	Kinder- garten	Spec- ial	Tot- al
Total number of teachers in service	22	23	57	12	22	136
Total number of teachers continuing professional training	13	17	37	3	19	89

This table should be interpreted in terms of Table 1 (showing the total number of years experience). Many teachers do not begin to attend summer school or do extension work during the first two or three years after graduation from Normal School or College. Professional spirit, however, leads many teachers to attend a summer session at least once every three years. Many school boards have made this a compulsory requirement for their teachers.

IV—The Concord Policy of Advancing Teachers From Lower Grade to Upper Grade Work is Decidedly Advantageous.

It is axiomatic that to build efficiently one must know something concerning the foundation upon which one is to build. Many of our junior high school teachers have had experience in teaching in the elementary grades and know the work thoroughly. Many of our elementary school teachers have served an apprenticeship in rural schools before entering the Concord system.

At the present time, the senior high school staff has three teachers who are entirely conversant with the work of the junior high school as carried on in Concord.

V—Concord Has Been Fortunate in Having the Dewey Training School as a Source of Supply for Elementary Teachers.

Most of the elementary school teachers have been recruited from the Dewey Training School. All of these teachers have passed the state examinations in professional subjects, and a majority have had experience in rural and village schools before entering the service of Union School District. Table 4 shows the number of teachers in service in Union School District, October, 1926, who were graduates of the Dewey Training School, and Table 5 shows the number from each graduating class.

Totals	11		14		18		22—65

In a check up on the success of Dewey Training girls in various schools outside of Union School District, the testimony from the superintendents, under whom they were teaching, was unanimous in praising their efficiency as school room teachers as well as their professional spirit. The graduates of the Dewey Training School have been an honor to their school and their chosen profession.

VI—The Salaries of Concord Teachers are Fair but not High.

Table 6 shows the salaries paid to Concord Teachers, October 1, 1926.

Totals	22.....	23.....	57.....	12.....	22.....	136.

Table 7 shows the Average Salary paid to Women Teachers in both secondary and elementary schools for the year ending June, 1926.

TABLE 7

Average Salary for Women Teachers in Four New Hampshire Cities

City	Secondary Teachers	Elementary Teachers
1—Manchester	\$1990	\$1382.49
2—Nashua	1633	1334.68
3—Berlin	1595	1322.36
4—Concord	1425	1313.64

A large proportion of all our teachers are natives of the city or have taken up a residence here. The source of supply in the elementary grades has been the local train-

ing school. As a rule, it is true that the services of local teachers can be secured at a lower price than the services of teachers who come from other cities.

The most difficult positions to fill are vacancies in the senior high school. Concord cannot afford to employ teachers who have had no experience, and yet to get suitable candidates for these vacancies is a hard task. The school authorities have been extremely fortunate in the past year in securing capable teachers for the senior high school, but in some cases it has been necessary to offer the maximum salary in order to get candidates. Teachers, who **begin at the maximum salary**, do not often remain long.

VII—Recommendations.

The following recommendations are offered for your consideration:

1. The continuance of the Harvard-Boston University Extension Course.
2. An appropriation of at least \$50 to be used for the purchase of educational books and professional magazines for the teachers' library.
3. The personal visitation in class rooms of all candidates for teaching positions in junior and senior high schools wherever this procedure is practical.
4. A study of the salary schedule of Concord Teachers in the light of best educational practice.

In conclusion, we have studied very carefully the recommendations concerning the Concord School System as made by Doctor Spaulding in his *Original Report* as well as in his *Supplementary Report*.

In addition, the questionnaires returned from 475 families as part of the *Original Survey* have been carefully read, and many of the commendations and criticisms have been discussed with our teachers.

Doctor Spaulding states in his *Original Survey Report*, "The returns from a questionnaire sent to all parents revealed comparatively little dissatisfaction with the school system as at present organized, and still less consensus of opinion respecting changes desired in the system."

We have been extremely gratified at the interest shown by a great number of parents and citizens calling at the office, or at the various schools in order to discuss the progress of their children, or to talk over matters of school interest.

We wish to express our appreciation of the co-operative efforts of all who have striven to make the Concord Schools a success.

Respectfully submitted,

C. W. WALKER.

Assistant Superintendent of Schools.

REPORT OF THE MEDICAL INSPECTOR

Mr. L. J. Rundlett, Superintendent of Schools:

DEAR SIR:

I herewith submit my report of medical inspection in the schools of Union School District for the school year 1926-1927.

Routine physical examination of every pupil in both public and parochial schools has been continued, with more efficient co-operation of medical inspector and nurses than ever before, thus requiring less time for both the pupils and examiners. The physical condition of the pupils as a whole is excellent.

At the beginning of the fall term, twenty-five per cent of the High School pupils were more than ten per cent below the accepted standard of weight. Special examination, however, failed to show any serious physical defects to explain this lack of weight, and three months later less than sixteen per cent of the school were found to be underweight. Investigation of other school systems, public and private, indicates a similar proportion elsewhere. In the opinion of the medical inspector, there is no need of anxiety in these cases.

Milk Lunches. Improvements in the handling and inspection of our milk supply have removed any previous causes of complaint, and the consumption of milk shows an increase of 7,067 bottles over the preceding year.

Vaccinations. The system of recording vaccinations of school children has been modified during the year, with the consent of the City Board of Health and the School Board,

thus avoiding the inconvenience of vaccination cards—a saving of time for both parents and teachers. Practically every pupil has complied with the law in this matter.

Contagious disease is comparatively rare in Concord, a fact due largely, I think, to superior housing conditions and the hearty co-operation of physicians and the City Board of Health. Diphtheria has caused one death in Concord during the last six years. Scarlet fever, although showing a larger number of cases, shows but one death. With this low mortality it is a question whether immunization from these diseases by toxin-antitoxin is advisable in Concord.

Dental Clinic. If I were to select one department of medical inspection that shows the most striking results it would be the dental clinic. Yearly attention to the condition of every pupil's teeth, with a report to the parents, of all defects, shows results when the pupils reach the high school that are truly wonderful. It is a pleasure to note the high degree of perfection in the teeth of high school pupils.

Recommendations. 1. After a two years' trial of monthly weighing of every pupil, I am convinced that three weighings during the year (in September, January, and April) are quite as useful as more frequent ones, and will permit more thorough follow-up of cases of defects.

2. A careful study of the weekly reports of the school nurses leads me to the following conclusions: There should be a complete separation of the department of medical inspection and that of domestic science in the schools. At present the school nurses are at the call of the head of the domestic science department. This occupies much time that otherwise would be employed in health work. With this re-arrangement of the system, and the change recommended above regarding monthly weighing, it will be quite possible to conduct this department more economic-

ally than has been done heretofore. I know of no city where school nurses are required to do the work of high school teachers.

In conclusion, I am pleased to acknowledge the hearty co-operation of all my associates in the district.

Respectfully submitted,

ARTHUR K. DAY, M. D.,
Medical Inspector.

REPORT OF THE HEADMASTER OF THE HIGH SCHOOL

February 23, 1927.

Superintendent L. J. Rundlett, Concord, N. H.:

DEAR SIR:

I herewith submit the annual report for the Senior High School:

Enrollment and Graduation

The total enrollment for the first semester was 610 undergraduates and five post graduates. The graduating classes for 1926 were: January, 46; June, 91; Total, 137. This constitutes the record. Of the above number twenty-two have entered college and eleven have entered Normal School of Dewey School. In addition ten other recent graduates have entered college this year and two the Dewey School. The success of the students who took College Board Examinations last June was very gratifying.

Miss McLam

The death of Miss McLam deprived us of one of our strongest teachers. She had given twenty-five years of service to the school and each succeeding year made her work more valuable. Her exact scholarship, her high ideals of teaching, her willingness to assist and her appreciation of a student's needs combined to make her a teacher whose influence, though quiet and unobtrusive, was yet strong and effective.

Changes

In September we opened school with seven new teachers. This represents a change of over thirty per cent in our teaching staff. It is unfortunate that conditions compelled so large a change as steady growth in efficiency depends

on the retention of capable teachers. In another way our work this year has been made difficult in that five of our regular teachers have been forced through illness to be absent for periods ranging from two to nine weeks. While we have been fortunate in obtaining substitutes it still remains true that the work and responsibility of the other teachers has been increased in order that the general standing of the school might be maintained.

Dean of Girls

Miss Anderson is now on her second year in this position. With the experience gained last year her work this year has been wider in range, more direct, positive, and beneficial to the school. She has taken entire charge of attendance of the girls and has supervision of physical drill for girls, girls' basketball and the Girls' Club. She has also cooperated with the School Nurse in following up cases which needed special attention. Much of the work of the Dean consists in personal conferences with the girls and their mothers on any matter pertaining to school work. Last spring Miss Anderson arranged a series of vocational talks for girls, closing with a talk to mothers and daughters. Again in December a talk on "Why Go to College?" was given to the girls by Dean Franklin of Boston University.

Debating

An important event has been the winning of the State Championship in debating in the New Hampshire Interscholastic Debating League. The work of the debating squad under the direction of Mrs. Reed and Miss Richardson deserves great credit. They fairly earned the honor which came to them and which they brought to the school.

Recommendations

1. In Course I allow Mathematics S and T to be postponed until the senior year. At present the work for college preparatory students is too heavy.

2. In Course III make Economics a semester subject and give advanced Bookkeeping in the other semester.

3. Organize school work into departments with a recognized head in each department.

4. Replace our present inter-room telephone system with a new one, as the one we now have is useless.

Respectfully submitted,

C. F. COOK,

Headmaster.

REPORT OF THE PRINCIPAL OF THE MORRILL SCHOOL OF MECHANIC ARTS

*To the President and Members of the Concord Board of
Education:*

The past year in the Morrill School of Mechanic Arts has been a year notable for high morale, intensive service and constructive effort on the part of pupils and teachers.

Until the close of the first semester, the personnel of the teaching staff remained unchanged from that of the preceding two years. In January, Mr. Arthur W. Andrews left the teaching profession to enter industrial life and the position vacated was filled by Mr. Paul A. Brazier. Mr. Brazier has a splendid background of academic training coupled with over ten years of practical experience as a machinist and machine designer. Because of his recent practical experience, he should bring to the school new ideas and materially assist in establishing closer relations between the school and industry. He appears to have already won the liking and respect of his pupils, and his character, habits and ideals are such as make him a man with whom it is well for boys to associate.

Unfortunately, the required brevity of this report prevents me from describing in detail the work and methods of each teacher. Entitled though they are to this consideration, because of the excellence of their professional spirit in doing extra work, it will be necessary for them to reap the reward of their labors through the thought of work well done and the apparent appreciation of their efforts as manifested by their pupils.

For the consideration of the Board of Education and the voters of Concord, I shall utilize the remainder of the space allotted to me by mentioning three phases of school life which have contributed greatly to the success of this department; guidance, placement, and co-operation.

Guidance: In this course, guidance is a major aim over a period of three and one-half years. The organization is as follows: the term "Manual Training" applies to grade work and is divided into one and one-half years of elementary wood working and one-half year of try-out-work. "Mechanic Arts" is the term used to designate the type of work presented to high school boys and is divided into three years of pre-vocational and one year of vocational specialization.

In elementary wood working, the major aim may be concisely stated as the development of constructive thinking. In the one-half year of try-out-work, each boy is given several lessons in the various trades represented in the school and conferences arranged between teachers and pupils. The major aim of this work is educational guidance. It precedes the pupil's choice of his high school course and it is found that through a better knowledge of the work ahead this choice may be more wisely made. A wise choice in selecting the high school course eliminates much changing from one course to another; thus increasing the efficiency of the school and adding to the happiness of the pupils.

During the three years of pre-vocational work, the major aim is vocational guidance. The pupils attain a good working knowledge of many industrial processes, visits are made to manufacturing plants, and vocational guidance talks are given by the teachers and local business men. At the end of this time, in which the major aim is vocational guidance, boys are required to make definite plans for the work which they propose to do after leaving high school and in the last year of the course, by specialization, to specifically train for their chosen occupations.

Placement: Placement of our graduates in work, for which they are best equipped by nature and trained in school is rapidly becoming a very important part of our responsibility to the school system in which we are employed. Although placement work is not officially a part of our duties, nevertheless, every good teacher is interested

in the future welfare of his pupils, and knows that unless they are employed under favorable circumstances after leaving school, his teachings in the class-room or school shop will have been, to a great extent, in vain.

During the past year, we have been very fortunate in advantageously placing our boys from the Mechanic Arts Course. There has, however, been very little organized effort along this line and such placement and follow-up-work as we have done has been accomplished through a desire to serve. It is my belief that the organization of a placement and follow-up-bureau should be started in the school system without delay.

Through the efforts of such a bureau, the scientific placement and follow-up of our pupils would result in a closer correlation between the schools and the industrial and commercial life of the community. Because of this correlation, greater efficiency in the school system would be attained and new respect would be established for the schools in the public mind. Furthermore, the activity and helpfulness of such a bureau would not be confined to one course but to every course, not to one school but to all schools, not alone to graduates but to all children leaving school to take up life's burdens.

Co-operation: Probably no element has contributed to the success of the Morrill School as has the spirit of co-operation with which it has been so consistently surrounded. Especially valuable has been the co-operation of Concord parents and citizens; many have visited the school and have made suggestions for its improvement. These suggestions have always been carefully considered and in many cases put into operation. We may truly say that the Morrill School is organized and conducted in accordance with the wishes of the people of Concord in so far as those wishes are clearly understood. Allow me to respectfully urge that Concord citizens continue to frequently visit the Morrill School. Opportunity will be given to meet the teachers and to talk with the boys as they are seen at work. Every person so visiting the school will

be treated with the utmost courtesy and all questions answered willingly and to the best of our ability.

While I am not insensible to the co-operation and goodwill of the Board of Education, my contact with that body has been largely through the Chairman of the Mechanic Arts Committee. He has visited the school many times, at my request, for the purpose of discussing immediate problems and I have been free to consult him in his place of business at all times. The value to a principal in having the privilege of going to a successful businessman for advice cannot be over estimated.

Because of the relation this school bears to other schools and departments of the district, the co-operation of our associates is absolutely necessary. Without their friendly support, the life and work of a Morrill School Principal would be extremely unpleasant and difficult, and the efficiency of the school greatly impaired. For the co-operation of the headmaster and the principals of those schools, of which this school is a department, I am most grateful.

In conclusion, Mr. President, I would consider myself an ingrate should I close this report without a word of appreciation for the co-operation and helpfulness of the Superintendent of Concord Schools. At no time since coming to this city have I had occasion to so fully respect the official, under whom I am privileged to teach, as during the past year. Burdened with extra work and under a mental strain, the severity of which few have realized, his visits to this school have been as numerous as ever, his interest in teachers and pupils as unflinching, and the written reports of his observations and suggestions as comprehensive. Not once when I have visited his office for help and counsel has he not laid aside his work and given his undivided attention to the solution of my problems pertaining to the proper administration of the Morrill School.

Respectfully submitted,

ROLAND G. HARTWELL.

Principal.

REPORT OF THE SUPERVISOR OF HOME ECONOMICS

To Mr. Louis J. Rundlett, Superintendent of Schools:

I am submitting to you the report of Home Economics work for the past year.

The new cooking laboratory and enlarged sewing room at the Practice House have made possible the admitting of more pupils into the house.

The pupils have become a helpful factor in the community as shown by the following contributions: Tea was served for the Woman's Club at the Education Meeting; a basket was prepared at Thanksgiving for the Charity Association; a doll was dressed and sent to Japan; Christmas gifts were sent to the children at Pembroke Sanatorium, and to the Charity Association. For the first time garments made by members of the sewing classes were displayed at Hopkinton Fair and won first prize. The Christmas Bazaar called "Treasure House," opened to the public December 2nd and 3rd, was a success. Noon lunch was served to 35 and afternoon tea to 50. Gifts made by the pupils brought a ready market.

The Home Economics Club with a membership of 80 has been active and is now becoming affiliated with the National Association. It is the first club in New Hampshire to be represented.

Successful work by 26 pupils in the Home Nursing Class won the certificates of the American Red Cross.

An Opportunity Class has been organized which is filling a great need for backward pupils.

The lunchrooms at Parker School and High School are functioning properly and capacity numbers are served.

All phases of Home Making have been taught and next

June pupils will be graduated from the Home Economics course.

I earnestly recommend that the following changes be made:

1. That more time be allowed for Home Economics work in classes K, L, M, and N, preferably a double period twice a week.

2. That one year in Home Economics work be required of all girls for graduation, such work to be elected during the four years; exception made for college entrance pupils unable to elect another subject. At present we are able to serve only a few fortunate to elect the work for four years.

3. That a unit course in Art Appreciation and Music Appreciation be offered as an elective—and that all Home Economics work be counted as a whole point (classes meeting five times per week).

4. That with so active an Home Economics Club the Practice House be opened as a Club House in which courses can be given that are not possible in school time, such as: recaning chairs, basketry, embroidery, lampshade making, and similar arts; and serve as a community center for our future trained home-makers.

I also recommend that the following changes be made in the lunchroom at the High School:

1. Transparent glass replace the opaque glass windows in the lunchroom and cooking laboratory.

2. A separate serving table be equipped for boys, permitting service to boys and girls at the same time.

The recommended changes would mean increased expenses. I would like to have included in the budget, if possible:

A piano for the Practice House.

An additional teacher.

Two teachers at least needed at High School.

Two teachers at least needed at Parker School.

One teacher at least needed for Grade Work.

Respectfully submitted.

GRACE I. WALLACE.

Supervisor of Home Economics.

February 16, 1927.

REPORT OF KINDERGARTEN SUPERVISOR

Mr. Louis J. Rundlett, Superintendent of Schools:

Dear Sir: The following is a report of the kindergarten department for the past year.

In general, the work has been similar to that of the previous year. Another set of "Hill" floor blocks has been bought and enlarged building blocks have been made by the Morrill School. According to a composite statement of survey findings of kindergartens in several cities, "Kindergarten equipment is not considered up to standard unless it includes some physical apparatus, large building materials and suitable tools and supplies for wood work, painting and modeling." We do not have any physical apparatus but the other requirements are met in some degree in most of our kindergartens.

In September the enrollment in all kindergartens showed a big increase, especially at the Walker and Dunklee buildings where it has reached sixty-five or more. During the winter term the attendance is always lower, due to epidemics and bad weather. This irregular attendance has its effect on the work of the kindergarten and the child's progress, as frequent absences mean a "slowing up" in the daily work.

The health department has charge of the physical examination of each kindergarten child as well as the monthly weighing and measuring. In every kindergarten today, more time is given to health work than formerly; in washing the hands before luncheon, in providing milk and in lengthening the resting period. In some kindergartens it is a common occurrence for two or three children to fall asleep during the fifteen-minute rest period.

Because of an epidemic of measles there was no public Christmas tree party at the Dunklee kindergarten, but all the others were held as usual with many interested parents and friends present. The kindergarten children marched with the other grades in the school parade held last May.

In September, Miss Helen Stevens of the Walker kindergarten was transferred to the Dewey in place of Miss Gould, resigned. Miss Dorothea Lamson of the Oberlin, Ohio, Training School was elected to fill the vacancy at the Walker.

Teachers' meetings for kindergartners are held every third Tuesday. Besides the usual routine business, we are reading this year "Unified Kindergarten and First Grade Teaching" by Parker and Temple, which gives the results accomplished in the University of Chicago in co-ordinating the work of these two grades. Last year we worked out a personality record which consists of a list of desirable habits for each child to acquire during his year in kindergarten. These records are of great help in checking up the child's progress. A report card, too, has been used this year for the first time, to show the parents the child's growth in various habits and attitudes that promote good citizenship, along with his progress in certain subject matter.

As the work of a kindergarten year from September to June is a gradual growth in the child's development, I consider it better that he be allowed to remain in the kindergarten the entire year. The first part of the year is needed for the child's adjustment to an environment outside the home, the second, in preparing him to meet the requirements of the first grade.

Both this year and last, several of the kindergarten teachers have been members of the group taking College Extension work while a few have attended summer school within the last two years, both means of professional improvement.

I wish to thank the Board of Education for its many courtesies and the group of kindergarten teachers for their splendid efforts and continued co-operation which have contributed to the growth of the kindergarten work. Your friendly interest and wise counsel have been helpful in a great degree.

Respectfully yours,

IYLA CHAMBERLIN,
Supervisor of Kindergartens.

REPORT OF THE DRAWING TEACHER

ART WORK

During the past summer six hundred and forty lessons were planned for classes in the lower grades as may be shown by the printed courses distributed among the teachers of the elementary schools.

The work of the lower grades has also been carried on by Teachers' Meetings, taking AB-CD one week; EF-GH another; IJ-KL another; and the rural schools another. These have been held usually on Wednesday nights at the Parker School from four until six, also by visits to the various rooms as often as possible to look over the work and to take lessons.

The work in the Junior High is outlined as follows:

From the inspiration of a flower, three units for a bisymmetrical design were worked out, one of which was chosen.

A lesson on color appreciation was given.

The designs were worked out according to a definite color scheme and made into an all-over pattern.

A portfolio for their drawings was made and the all-over pattern applied. Art was lettered at the top.

Japanese drawing of birds were made for agility of line and for quick and exact eye training. Also drawings of flowers for the same purpose and stressing the growth of them.

Christmas cards from colored paper were made, stressing the reasons for cards at this season. Books in two classes have been made and the covers decorated in correlation with history stories written and favorite poems.

Pose drawing has been taken up—first taking up quick poses, stressing proportion and form but no rendering. Hands and feet have been drawn separately to aid while drawing them in the whole pose.

Longer poses have been taken for more careful drawing.

Pose drawing worked out as silhouette with environment has also been developed; also pose drawing with costume and worked in water color.

Illustration work stressing lettering imagination and good arrangement is to be developed.

Perspective is to be taken, poster work, and finally a class project working out a scene of a play.

The work in the Parker School is with the O and P Domestic Art girls, meeting for one period per week with each class; as this period is shortened, the results are limited. However, portfolios were made and a design was applied in color with a certain color scheme having an understanding of the rudiments of color. Color wheels were painted; Christmas cards were designed from inspiration received from the environment of the Parker School. These were worked out on linoleum and blocked on colored paper, where they were finished with tempera. A small project in decoration of tables was also carried out.

The work for the remainder of the year is to be more appreciation of the beautiful through picture study and the lives of artists; the principles of design and the application of designs to articles of use; also by a field trip to the old and new Historical Buildings and by out-of-door sketching and drawing from nature.

The work in the High School is two periods once a week with the Domestic Art Girls and Electives in the same group.

Color has been studied. A plate consisting of a color wheel and color schemes as analogous, monochromatic, complementary, and split complementary was made.

The lives of artists have been studied and notes have been kept of them and their works, also of the work taken throughout the course.

Design principles have been studied and applied in work.

A talk on homes, the arrangements of different rooms,

harmony, site and purpose were discussed. An arrangement for a bedroom was drawn and worked out in color. Pictures were mounted in their note books of good design in the various rooms.

Notes were taken on the purpose and ideals of dress, showing to a small degree the development of dress throughout the ages. Dresses were designed for school and for sport.

There has also been an Art Club meeting on Thursdays and Fridays from two-thirty to five for those interested in Art. Christmas cards were designed and color discussed and a few posters and a motto lettered for Girls' Club, but the greater part of their time has been spent in the development of a Marionette Play.

A competition was held in the English Department for the writing of the play. After having chosen the play the heads were modeled to represent the various characters, the bodies constructed and costumes designed and worked out for the puppets. The stage has been built by the Morrill School, the back drops have been painted by the Art Club. The play will finally be given by the Club for the children all over the district.

For the remainder of the year applied design in leather and cloth will be taken up, also etchings, also out-of-door sketching.

The Dewey Training Girls have met once a week taking both Juniors and Seniors together. Portfolios were made and monograms applied.

Color was studied.

The Juniors took the study of circles, triangles, squares, etc., for form for lower grade work, while the Seniors applied color schemes to drawings worked from nature.

Lettering was taken up—also illustration work with lettering.

Christmas problems for different grades were discussed.

Designs applied in aurora cone to handkerchiefs for a Christmas problem was made by the Seniors.

A project, to show how work of this kind may be taken

in a class, was made. The working out of Hiawatha for the small children was done by the Juniors, and by the Seniors the cave scene from Macbeth.

Perspective work is being taken for the rudiments of elementary drawing. And the grouping of objects for object drawing which will lead up to poster work representing fine arrangement and simplicity.

Painting, showing the development through the grades, is to be taken, also construction problems showing this same development are to be worked out.

Lessons by Juniors and Seniors will be given and criticised.

My aim in teaching Art has been to help children gain an appreciation of the finer things of life, to see and note more keenly the beauty around them and to learn the joy of creating. Also I have tried to interest those with natural ability to develop further their talent to become producers of art that their lives may be fuller and make richer those with whom they may come in contact.

Stating in my report last year that for effective work two teachers were necessary, I now am more firmly convinced than ever that the work cannot be carried on by one teacher.

IDA M. MAGOON.

Supervisor of Drawing.

REPORT OF THE SUPERVISOR OF MUSIC

Mr. L. J. Rundlett, Superintendent:

Dear Sir: To carry on the work so ably directed for the long term of thirty-seven years by the late Charles Sumner Conant, is a task which no man would care to treat lightly. It was therefore with some trepidation that I embarked on this important work in September, 1925. From every one, from you, sir, and from all the principals and various members of the faculty with whom my work has brought me in contact I have met with nothing but sympathy and co-operation. I desire to voice my deep appreciation at this time.

The work in the rural schools and classes A to J in the city schools has been faithfully and skilfully watched over by my assistant, Miss Johnson.

The new Music Education Series of Songs published by Ginn has been introduced into one school for observation and the success expected from such a series in the hands of the children has been fully demonstrated, and it is hoped to extend the same gradually into the whole system.

Good three-part singing has been done the past year in classes M and N in the Garrison, Chandler and Walker schools. The Parker School chorus has given two public performances ably assisted by the Junior High Orchestra, and exhibited a high standing of excellence.

Three High School choruses have been held each week.

The Girls' Glee Club, limited to forty in number, and showing marked reading ability and splendid spirit, is doing some exceptionally good work. The Boys' Glee Club, although naturally smaller in numbers, is working well and enthusiastically.

The High School Orchestra of 38 members is studying some worth-while compositions, and the High School Band is busy extending its repertoire.

Through the munificence of the Kiwanis Club the proceeds from a concert given by Sousa's band were donated to the instrument fund. The sum of one hundred dollars so provided was expended on a baritone and an alto horn. From the concert fund of the High School I bought a silver flute and a clarinet.

Whilst all these instruments are in the hands of pupils, yet I think time will prove that the most efficient way of building up and maintaining a band such as is found in some localities is by pupil ownership of the instrument, coupled with class instruction, sponsored by the education authorities. I am studying this situation and hope to be able to submit some concrete plan ere another year comes round.

Respectfully yours,

H. MAITLAND BARNES,
Supervisor of Music.

REPORT OF PHYSICAL DIRECTOR

Mr. L. J. Rundlett, Superintendent, Concord, N. H.:

Dear Sir: I submit my report as Physical Director and Coach of Athletic Teams. This report deals briefly with instruction given, schools benefited and recommendations for improvements.

Our program of physical education is being developed from year to year with good results. The High School, Junior High Schools, and some of the Elementary Schools, are receiving the benefit of this system. These schools are now doing the drills and exercises on a regular schedule.

In some of the schools the exercises and drills are being presented with music which has added much interest and rhythm to the exercises. Nearly all of the exercises are being controlled by student leaders who are being developed from year to year. They are now beginning to realize the importance of their position as leaders and of obtaining better discipline and promptness in the performance of the exercises.

The development of our athletic teams has shown an improvement during the year. Our football team had a very good season. The baseball team tied for the State championship. The girls' basket ball team has made a very respectable showing this season.

This development, without doubt, is due to the work we are doing in the Junior High Schools. We have leagues in baseball, hockey and basket ball. Instruction is given in football but no games are played. Lectures are given in the different sports and with blackboard talks and demonstrations, giving them a foundation to go ahead when they get to the High School. An athletic field is a real necessity for the proper development of an all round athletic program. Boys interested in track athletics are working under a handicap, without a proper place on which to

train. If we can in any way help the athletic field proposition that has been started by some of our patriotic citizens, we should do so, for the future development of our young athletes may mean much to the welfare of our city in years to come.

Respectfully submitted,

EUGENE M. CALLAHAN,
Physical Director.

ANNUAL SCHOOL MEETING WARRANT

STATE OF NEW HAMPSHIRE

*To the Inhabitants of Union School District in Concord,
N. H., qualified to vote in district affairs:*

You are hereby notified to meet at the Auditorium on Prince Street, in said district, on the first day of April, 1926, at 7.30 o'clock in the evening, to act upon the following subjects:

1. To choose a moderator for the ensuing year.
2. To choose a clerk for the ensuing year.
3. To hear and act upon the report of the Board of Education for the past year.
4. To choose three members of the Board of Education to hold office for three years, to fill the vacancies arising from the expiration of the term of office of Bennett Batchelder, Elisabeth R. Elkins, and Joseph S. Otis.
5. To choose one or more auditors for the ensuing year.
6. To see what sum of money the district will raise and appropriate for the payment of the debts of the district.
7. To see what sum of money the district will raise and appropriate for the support of schools for the ensuing year.
8. To see if the district will vote to erect a grade school in the vicinity of Hall St., appropriate money for the same, and authorize the Board of Education to purchase land, and do all other things to carry this vote into full effect.
9. To see if the voters of the Union School District will instruct the Board of Education to investigate the need of

a new grade school in the South End of the City, and, if advisable, to select a site for the same, and secure said site for the District by obtaining an option for the purchase of the same, and to see what sum of money the District will vote to raise and appropriate for said option.

10. To see if the District will authorize the Board of Education to establish a pension system in co-operation with the teachers and to raise and appropriate money for the same.

11. To transact any other business that may legally come before said meeting.

Given under our hands this 12th day of March, 1926.

HARRY F. LAKE,
JOSEPH S. OTIS,
BENNETT BATCHELDER,
ELISABETH R. ELKINS,
CARLETON R. METCALF,
MERTON C. KNAPP,
W. STANLEY EMERY,
DOROTHY B. JACKSON,
OSMA C. MORRILL,

Board of Education of Union School District.

I certify that on the 15th of March, 1926, I posted a copy of the written warrant, attested by the Board of Education of said district, at the place of meeting within named, and a like attested copy at the police station in the City of Concord, N. H., being a public place in said district.

LOUIS J. RUNDLETT.

Concord, N. H., March 15, 1926.

Then personally appeared before me, on this date, the said Louis J. Rundlett, and made oath that the above certificate by him signed is true.

I. REED GOURLEY,
Justice of the Peace.

RECORD OF ANNUAL MEETING 1926

In accordance with the foregoing warrant, a meeting of the legal voters of Union School District was held at the City Auditorium in Concord, N. H., April 1, 1926, at 7.30 o'clock.

The moderator called the meeting to order and read the warrant.

ARTICLE 1. On motion of Henry E. Chamberlin, duly seconded, the clerk was instructed to cast one ballot for Arthur P. Morrill as moderator of the District for the ensuing year, and he was declared unanimously elected and took the oath prescribed by law before Ray E. Burkett, Justice of the Peace.

ART. 2. On motion of James Maguire, duly seconded, the moderator was instructed to cast one ballot for Ray E. Burkett for clerk of the District for the ensuing year, and he was declared unanimously elected, and took the oath prescribed by law before the moderator.

ART. 3. On motion of Alpheus M. Johnson, it was

Voted: That the report of the Board of Education having been printed in the annual school report, the reading of the same be dispensed with and the report as printed be accepted and placed on file.

ART. 4. On motion of T. W. D. Worthen, it was unanimously

Voted: That the meeting proceed to ballot for three members of the Board of Education to serve for three years and that the polls be kept open for the reception of ballots until 8.00 P. M. On motion of George N. Woodward, the moderator was instructed to appoint three tellers to sort and count the ballots. The moderator appointed as tellers George N. Woodward, Harold Cheney, and Mrs. C. R. Metcalf.

At eight o'clock, the moderator declared the polls closed and announced the result of the ballot as follows:

Total number of ballots cast	163
Necessary for choice	82
J. M. Langley had	1
Dr. Edward Sullivan had	1
Earl Newton had	1
Mrs. Grace P. Amsden had	1
Bennett Batchelder had	161
Elisabeth R. Elkins had	161
Joseph S. Otis had	161

and Bennett Batchelder, Elisabeth R. Elkins, and Joseph S. Otis were declared duly elected members of the Board of Education for a term of three years.

ART. 5. On motion of Elwin L. Page, duly seconded, it was

Voted: That the Clerk be instructed to cast one ballot for William C. Brunel and Clyde M. Davis as Auditors of the District for the ensuing year and they were declared duly elected to such office.

ART. 6. On motion of Dr. C. R. Metcalf, duly seconded, it was

Voted: That there be raised and is hereby ordered to be raised on the polls and ratable estates within Union School District the sum of Twenty-seven Thousand Seven Hundred Fifty-eight and 13/100 Dollars (\$27,758.13) of which sum Fifteen Thousand Seven Hundred Fifty-eight and

13,100 Dollars (\$15,758.13) shall be appropriated for the payment of the interest on its bonded indebtedness accruing during the year, and Twelve Thousand Dollars (\$12,000) for the payment of the bonds maturing during the year.

ART. 7. On motion of Bennett Batchelder, duly seconded, it was

Voted: That there be raised and is hereby ordered to be raised on the polls and ratable estates within Union School District for the support of schools for the ensuing year such a sum as in addition to the sum required by law will amount to the sum of Two Hundred Ninety-six Thousand, Ninety-seven and 69/100 Dollars (\$296,097.69).

ART. 8. On motion of Harry F. Lake, duly seconded, and after discussion by Mayor Marden, A. M. Johnson, Harry F. Lake, George W. Parker, and Willis H. Flint, it was

Voted: That the Board of Education be and hereby is authorized to purchase the property at No. 38 Hall Street from the New Hampshire Savings Bank, and remodel the same, so far as necessary, for a grade school to accommodate pupils of the Hall Street section, and that the sum of Four Thousand Dollars (\$4,000) be raised and appropriated for the purposes herein stated.

ART. 9. On motion of Merton C. Knapp, duly seconded, it was

Voted: That the Board of Education is hereby instructed to investigate the need of a new Grade School in the South End of the City, and if advisable, to select a site for the same, and secure said site for the District by obtaining an option for the purchase of the same, and that the District raise and appropriate the sum of Five Hundred Dollars (\$500) for the purpose of taking such option.

ART. 10. On motion of Rev. W. S. Emery, duly seconded, it was

Voted: That the Board of Education be authorized to establish a pension system in co-operation with the teachers in accordance with the provisions of Chapter 337, Laws of 1925, and that there shall be raised and is hereby ordered to be raised by tax on the polls and ratable estates within the Union School District, Supervisory Union No. 8, the sum of One Thousand Dollars (\$1,000) and that the same be appropriated for the purposes of this system during the ensuing year.

On motion of Harry F. Lake, the meeting adjourned.

A true copy of record. Attest:

RAY E. BURKETT,
Clerk.

**REPORT OF THE
BOARD OF WATER COMMISSIONERS**

*To the Mayor and Board of Aldermen of the City of
Concord:*

The Board of Water Commissioners hereby submits the annual report of the Superintendent of the Water Works for the year ending December 31, 1926, showing the receipts and disbursements for the year and a detailed account of the extensions and improvements made during the year.

The Water Board has received in the past year three petitions, from residents and property owners of the Plains district and of East Concord for extension of the water system to those sections, and of that portion of the city known at the West End for improved service. On advice of the superintendent and approval of the Board, there has been engaged a firm of well known and competent engineers to make a survey of our water system, more particularly to investigate and report on the nearby resources of additional supply, and to submit figures of the cost of furnishing the Plains and East Concord with water for domestic purposes and fire protection; and also for the purpose of submitting some plan and the cost of furnishing additional high pressure service for that portion of the city located on Auburn Street, and the residential section of the city known as Lightning Hill. As soon as satisfactory information is obtained by the Board, the same will be reported to your honorable body.

Respectfully submitted,

NATHANIEL E. MARTIN,	FRANK P. QUIMBY,
HARRY H. DUDLEY,	GEORGE T. KENNEY,
BURNS P. HODGMAN,	CARLOS H. FOSTER,
PATRICK H. CAHILL,	BENJAMIN H. ORR,
FRED N. MARDEN, <i>ex-officio</i> .	

Board of Water Commissioners.

REPORT OF THE SUPERINTENDENT

To the Board of Water Commissioners:

I herewith present to you the fifty-fifth annual report of the operations of this department, showing the receipts, expenditures, and abatements, together with a statement of the extensions and improvements made during the year ending December 31, 1926.

Receipts

For water from consumers at fixed rates,	\$9,134.64	
For water from consumers at meter rates,	77,405.98	
From delinquents,	154.17	
For water for building purposes,	207.03	
From wood and farm lands,	230.00	
For labor and materials furnished on private fire lines,	816.44	
For pipe and stock sold and labor,	1,410.24	
For old brass and iron,	69.80	
For shutting off and turning on water, non-payment of bill.	8.00	
For water furnished Penacook and Boscawen Water Precinct,	320.00	
	<hr/>	\$89,756.30
Deduct abatements,		25.08
		<hr/>
		\$89,731.22

Expenditures

Maintenance Account

General care and maintenance :	
Salaries and labor,	\$12,338.74
Automobile account,	1,268.99
Supplies and repairs,	1,483.43
Incidental expenses,	1,325.01
	<hr/>
	\$16,416.17
Office expenses,	3,706.13
Care and repair of hydrants,	652.55
Care and repair of meters,	2,655.80
Relaying service pipes,	4,030.81
Leak account,	675.50
Penacook Park account,	19.64
Taxes, town of Webster,	82.00
New Dodge truck,	936.00
Pumping Station :	
Salaries,	\$1,599.96
General expenses,	116.06
Electric pumps :	
Power,	\$2,353.83
Supplies and repairs,	8.85
Heating,	222.25
	<hr/>
	2,584.93
	<hr/>
	4,300.95
	<hr/>
Total maintenance account,	\$33,475.55

Construction Account

Distribution pipes,	\$22,928.86
Service pipes,	3,092.38
Hydrants,	970.57
Meters,	2,725.07
	<hr/>
Total construction account,	\$29,716.88
Land at Penacook Lake,	\$4,454.31
Total expenditures, 1926,	\$67,646.74

EXTENSIONS AND IMPROVEMENTS

Distribution pipes laid in 1926:

10-inch:

Rumford Street, from junction with North State to Albin Street, 2,100 feet, replacing 12-inch cement-lined.

Rumford Street, from School to Pleasant Street, 1,187 feet, replacing 10-inch cement-lined.

8-inch:

Rumford Street, from Albin to Highland Street, 324 feet, replacing 12-inch cement-lined.

High Street, from Valley to Auburn Street, 691 feet, replacing 6-inch cement-lined.

High Street, from Franklin to Chestnut Street, 400 feet, replacing 6-inch cement-lined.

Valley Street, from Chestnut to High Street, 905 feet, replacing 6-inch cement-lined.

Chestnut Street, from High to Valley Street, 375 feet, replacing 6-inch cement-lined.

6-inch:

Ridge Road, extended north, 585 feet.

Kensington Road, extended north, 506 feet.

Franklin Street Extension, from Auburn Street to Ridge Road, 342 feet.

Westbourne Road, extended north 292 feet.

K Street, West Concord, from North State to View Street, 283 feet.

View Street, West Concord, on connection at K Street, 23 feet.

Highland Street, east from Rumford Street, 47 feet, replacing 4-inch.

Walker Street, east from Rumford Street, 12 feet, replacing 4-inch.

Short Street, east from Rumford Street, 9 feet, replacing 4-inch.

Pleasant Street, Penacook. south from Maple Street, 242 feet.

Summit Street. Penacook, extended west to Pleasant Street, 41 feet.

Maple Street. Penacook. extended west to Pleasant Street, 29 feet.

Borough Road, Penacook. extended west, 197 feet.

2-inch :

Hopkinton Road, extended west, 1,448 feet.

Borough Road East, Penacook, extended east, 653 feet.

Abbott Road, Penacook, extended east, 600 feet.

1 $\frac{1}{4}$ -inch : 231 feet : 1-inch : 697 feet.

On hydrant branches: 90 feet of 6-inch : 26 feet of 6-inch cement-lined discontinued.

There was also discontinued on Runford Street from Highland to Franklin Street, 850 feet of 12-inch cement-lined pipe.

Total length of main and distribution pipes now in use, 402,554 feet or 76.24 miles.

Seventeen gates were set during the year: twelve were discontinued; total number now in use, 1,115.

One new hydrant has been set as follows:

Kensington Road, opposite Pearson residence.

Total number of hydrants now in use, 489; private 101.

Ninety-one services have been laid consisting of 1,811 feet of $\frac{3}{4}$ -inch, 196 feet of 1-inch, 44 feet of 2-inch and 30 feet of 4-inch pipe.

Eighteen services were discontinued of which eleven were replaced by new ones and seven discontinued permanently.

Total number now in use, 4,233; length of service pipes, 100,636 feet or 19.06 miles.

Connections for sprinkler service were made: 6-inch for New Hampshire Memorial Hospital and 4-inch for A. C. Purington and Cushman Electric Co.

One hundred and forty-six services have been relaid and curb valves placed on 70 old services.

One hundred and twenty-four new meters have been set and 10 have been removed; total now in use, 3,141.

The total consumption of water during the year as shown by the Venturi meter is as follows:

January,	83,046,000 gallons
February,	74,466,000
March,	84,134,000
April,	84,082,000
May,	76,998,000
June,	79,482,000
July,	88,750,000
August,	98,729,000
September,	91,920,000
October,	82,383,000
November,	83,118,000
December,	92,403,000
	1,019,511,000 gallons

Respectfully submitted,

PERCY R. SANDERS,
Superintendent.

SUMMARY OF STATISTICS

FOR THE YEAR ENDING DECEMBER 31, 1926

CONCORD WATER WORKS

CITY OF CONCORD, COUNTY OF MERRIMACK, STATE OF NEW
HAMPSHIRE

GENERAL STATISTICS

Population by census of 1920—22,167.

Date of construction—1872.

By whom owned—City of Concord.

Source of supply—Penacook Lake.

Mode of supply—Gravity, also pumping to reservoir for
high service and fire protection.

PUMPING

Builders of pumping machinery—Worthington Pump and
Machinery Corporation and DeLaval Steam Turbine Co.

ELECTRIC PUMPS

1. Description of power:

a. Alternating, 3 phase, 60 cycles, 2,200 volts, 1,800
R. P. M.

b. Price per K. W. H., \$0.01 $\frac{1}{3}$, 8 p. m. to 6 a. m.;
maximum, \$1,800 per year, 300,000,000 gal-
lons; \$6.00 per 1,000,000 gallons, over 300,000,-
000.

2. K. W. H. used for year, 196,440.

3. Total pumpage, by Venturi meter, 394,401,000 gallons.
4. Average static head against which pump works, 90 feet.
5. Average dynamic head against which pump works, 115.2 feet.
6. Gallons pumped per K. W. H., 2,007.7.
7. K. W. H. used per 1,000,000 gallons pumped, 538.
8. Cost of total pumping figured on pumping station expenses—\$4,300.95.
9. Per million gallons pumped—\$10.905.
10. Per million gallons raised one foot (dynamic)—\$0.095.

DISTRIBUTION.

MAINS

1. Kind of pipe—cast iron and cement-lined.
2. Sizes—four-inch to twenty-four-inch.
3. Extended—2,606 feet during year.
4. Relaid—6,076 feet during year.
5. Discontinued—1,240 feet during year.
6. Total now in use—71.56 miles.
7. Number of leaks per mile for year—
8. Length of pipes two inches and less diameter—4.68 miles.
9. Number of hydrants added during year—public, 1.
10. Number of hydrants now in use—public, 489, private, 96.
11. Number of stop gates added during year—5.
12. Number of stop gates now in use—1,115.
13. Number of stop gates smaller than four-inch—
14. Number of blow-off gates—80.
15. Range of pressure on mains at center of city—88 pounds high service and 48 pounds low service.

SERVICES

16. Kind of pipe—cement-lined.
17. Sizes—three-fourths-inch to ten-inch.
18. Extended—2,081 feet.
19. Discontinued—400 feet.
20. Total now in use—100,636 feet.
21. Number of service taps added during year—73.
22. Number now in use—4,233.
23. Average length of service—23.77.
24. Average cost of service for the year—.
25. Number of meters added during year—114.
26. Number now in use—3,141.
27. Percentage of services metered—74.2.
28. Percentage of receipts from metered water—88.88.
29. Number of elevators added—none.
30. Number now in use—9.
31. Number of standpipes for street watering—

FIRE DEPARTMENT

REPORT OF THE CHIEF ENGINEER

To the Board of Aldermen:

In accordance with the requirements of the city ordinance, I herewith submit for your consideration the report of the Fire Department for the year 1926.

The department responded to 44 bell alarms and 431 still alarms.

Alarms

	Bell	Still	Total
Precinct,	25	312	337
Penacook,	14	87	101
East Concord,	1	20	21
West Concord,	4	12	16
	<hr/>	<hr/>	<hr/>
	44	431	475

This report will be found to contain statements in detail embracing the amount of expenditures, and a complete roll of the department with residence and occupation of each member.

Although the number of alarms during the year exceeded all previous records, there was a gratifying decrease in loss in comparison with the annual loss of the past few years. Of the aggregate loss, \$64,400.00 was accounted for by three fires,—the Camann building January 25th, Phenix Hall January 26th, and the Acquilla Building March 26th.

The major part of the apparatus is in good condition, but Engine 2 has become a continual source of expendi-

ture, and I respectfully recommend that the body be provided with a new Abbot-Downing chassis.

Sixteen hundred feet of hose was added to the complement during the year, and I recommend the purchase of one thousand feet during the coming year.

The installation of the new fire and police alarm systems now in progress will supply a long felt want, carrying with it, upon completion, the assurance that thereafter there will be no large areas without fire protection in case of an open circuit.

Repairs on the Precinct and Penacook alarm systems were attended to as occasion required. Extensive repairs and replacements were made necessary in the precinct system by the tornado which visited the city on July 22nd, felling trees across the wires, mixing fire alarm wires with high tension lines, burning out boxes and tappers.

Fortunately no lives were lost and the property loss was confined to the instruments destroyed, although several incipient fires occurred in houses in which tappers were located.

Basement fires in business establishments, formerly so numerous, have become conspicuous by their absence, owing to the system of inspection now in vogue.

During the month of October I was privileged by your honorable body to attend the Convention of the International Association of Fire Chiefs held at New Orleans, La., a report of which I rendered at that time.

I wish again to return my thanks for the opportunity afforded me to learn.

Respectfully submitted.

W. C. GREEN,
Chief Engineer.

Apparatus and Force

The apparatus and force of the department is as follows:

Precinct, located at the Central Fire Station, one first-class Amoskeag engine, "Eagle," and one 750-gallon Ahrens-Fox motor-driven combination pumping engine and hose car, attached to Eagle Steam Fire Engine Company (15 men); one second-class Amoskeag engine, "Kear-sarge," and auto-combination car, attached to the Kear-sarge Steam Fire Engine Company (13 men); one second-class Amoskeag engine, "Governor Hill," relief engine, in charge of an engineer and fireman, one auto-combination car in charge of four permanent men; one motor-driven ladder truck, "City of Concord," attached to Hook and Ladder Company (21 men); one Reo fire alarm repair truck; one house man at Central Fire Station. There are twelve permanent men at the Central Fire Station, one permanent man at each other fire station within the precinct, one permanent man at Pioneer Station, Penacook, and one permanent man at Cataract Station, West Concord.

The Alert Hose Company (11 men), located on Washington Street, has an auto-combination car, with permanent man.

The Good Will Hose Company (11 men), located on the corner of Concord and South State Streets, has an auto-combination car, with permanent man.

Veterans' Auxiliary Company (30 men).

One hand engine and three wagons and one ladder truck in reserve.

The "Pioneer" Engine Company, No. 3 (28 men), at Penacook, has a third-class Metropolitan engine, with two hose wagons and one auto-combination car with permanent man.

The Cataract Company (30 men), at West Concord, has a modern hose wagon and auto-combination car with permanent man.

Old Fort (30 men), East Concord, has a 4 1-2-inch cylinder Hunneman hand engine and hand ladder truck, and one hand-drawn chemical engine, 50-gallon, single tank, and one auto-combination car.

FINANCIAL STATEMENT

Total appropriation	\$50,050.00
Department earnings	644.00
	<hr/>
	\$50,694.00

Expended

Salaries, regular officers	\$36,665.11
Salaries, specials	5,381.43
Fuel, City	1,003.40
Fuel, Penacook	225.58
Automobile upkeep	2,045.79

Lights, City	\$384.25	
Lights, Penacook	24.80	
Incidentals	4,454.77	
Repairs	494.99	
	<hr/>	\$50,690.12
Balance		<hr/> \$3.88

Explanatory

The comfort station having been opened late in the year, there was no appropriation provided to pay the salaries of the Matron and Janitor. Arrangements were made by the committee to pay them from the incidental appropriation of this Department. There has been \$600 taken from this appropriation for that purpose, otherwise we would have had a balance of \$603.88.

ARRESTS

1909	281	1918	492

REPORT OF THE ENGINEERING DEPARTMENT

Concord, N. H., December 31, 1926.

To the Board of Mayor and Aldermen:

GENTLEMEN: Herewith is submitted the thirty-fourth annual report of the Engineering Department.

Financial Statement

Appropriation:

Engineer	\$3,300.00	
Assistant engineer	1,800.00	
Clerk, and rodman	1,974.00	
Incidentals	981.54	
Upkeep of auto	400.00	
	<hr/>	\$8,455.54

Disbursements

Salaries and supplies	<hr/>	\$8,455.44
Balance		\$0.10

The work of construction and maintenance of the sewers is handled by this department for the Board of Public Works.

This department has done whatever work was asked of it by the several departments, committees and city government.

Your engineer has attended building hearings and accompanied the city government on their hearings, as well as attended all meetings of the city government and Board of Public Works.

All sewer connections were inspected and recorded.

Grade stakes were set for 7,475.60 feet of sidewalks.

Sidewalk grades were established for 6,115.00 feet.

Plans and blue prints were made when requested. The assessors' maps were kept up to date. There were 700 transfers of property during the year.

Streets Laid Out

Elijah Street, 200 feet.

Ferrin Road, 2513 feet.

Total length of streets laid out in 1926, 2,713 ft., or 0.513+ miles.

Total mileage of streets and roads, 175.436.

Total mileage in compact part of city, 47.443.

Total mileage in outlying portion of the city, 127.993.

Streets Widened

Concord Street on north side from South Main Street, westerly 278.50 ft.

Pleasant Street on south side at Christian Science Pleasant View Home for a distance of 1.669.53 feet.

Buildings

Plans and specifications were made and work supervised on the comfort station; battery house at the central fire station; police station garage and central fire station garage.

The new exits at the Auditorium were made under the supervision of your engineer.

The records in this department are kept on a card system which gives in detail the expenditures and entire work of the year, which we will be pleased to show anyone who is interested.

We have handled practically every phase of municipal engineering for citizens and out-of-town people, as well as the city's work, all of which has been cheerfully done by the employees of this department, who are: Mr. Edward E. Beane, assistant engineer; C. Fred Moulton and Alan

Gordon, rodmen; Miss Frances Ashley, clerk, all of whom have rendered valuable service to the city.

I have attended the meetings of the city government, hearings, and also committee meetings, when requested by said committees.

I deeply appreciate your giving me an opportunity to attend the meeting of the American Society for Municipal Improvements held in Washington, D. C., in November, but owing to poor health and by advice of my physician, I did not attend.

For the support and co-operation of your board, the heads of departments, and the citizens of the city, I wish to express my appreciation.

Respectfully submitted,

FRED W. LANG,
City Engineer.

REPORT OF THE BOARD OF HYDRANT COMMISSIONERS

Concord, N. H., December 31, 1926.

To the Board of Mayor and Aldermen:

GENTLEMEN: The twenty-first annual report of this board, for the year 1926, is herewith submitted.

On June 28, 1926, Commissioners Sanders and Lang met at 552 North State Street, and recommended moving the present hydrant to a point 50 feet southerly of its present location.

On September 1, 1926, Commissioners Sanders and Lang met at the corner of Walker and Rumford Streets, and recommended that the hydrant at the corner of Walker and Rumford Streets be moved to the westerly side of Rumford Street opposite present location.

On December 2, 1926, Commissioners Sanders and Green met on Kensington Road and recommended that a hydrant be placed on the easterly side of Kensington Road opposite the premises of John Pearson.

No other sessions were held during the year.

Respectfully submitted,

FRED W. LANG.

W. C. GREEN,

PERCY R. SANDERS.

Board of Hydrant Commissioners.

REPORT OF THE BOARD OF EXAMINERS OF PLUMBERS

CONCORD, N. H., December 31, 1926.

To the Board of Mayor and Aldermen:

GENTLEMEN: The twenty-seventh annual report of this board is herewith submitted.

The membership of the present board is as follows: Arthur W. Brown, an examined master plumber; Charles H. Cook, M. D.; and Fred W. Lang, city engineer. Mr. Brown is chairman of the board, and Fred W. Lang, clerk.

Four applications for journeyman's license, and five for a master's license were received.

Nine meetings of the board were held, all of the applicants were examined and six passed the required examination. Three failed to pass.

There are four classes of plumbers on the register: registered master, examined master, registered journeyman, and examined journeyman.

The following paid for their 1926 license and are classified as follows:

FRED W. LANG,
Board of Examiners of Plumbers.

REPORT OF THE PLUMBING INSPECTOR

CONCORD, N. H., December 31, 1926.

To the Board of Mayor and Aldermen:

GENTLEMEN: The second annual report of the plumbing inspections in the city of Concord, is herewith submitted:

There have been 210 permits issued for new work, against 156 permits for the year 1925.

There were 445 inspections made.

It is pleasing to the inspector to report that there have been but two complaints of evasions of the plumbing rules, and these being of a minor nature.

A record is kept in the office of the city engineer of the various plumbing jobs, showing the layout of the work, date of completion and the names of the parties doing the work.

The plumbers of Concord, taken as a whole, are expert workmen, and are producing today, in many instances, better work than the plumbing laws require, and it has been a great pleasure to your inspector to work with them.

Respectfully submitted,

FRED W. LANG.

Plumbing Inspector.

REPORT OF THE BOARD OF PUBLIC WORKS

HIGHWAY DEPARTMENT

To the Board of Public Works:

The following is submitted as my annual report of the Highway Department for the year ending December 31, 1926.

The work of this department embraces the construction and maintenance of streets, the collection of garbage, the sprinkling of streets and the construction of bridges and sidewalks.

In the superintendent's office a complete record of all purchases, expenditures and detailed costs is maintained for reference.

Finance

Funds for the work of the department have all been received during the past year from the annual budget; no bonds having been issued.

Appropriations

	Appr's	Earnings	Expended	Balance
Gen. Main.	\$200,000.00	\$5,779.50	\$204,281.63	\$1,497.87
Garbage	33,531.92	259.21	33,791.13	
Sprinkling	7,000.00	422.66	6,902.41	520.25
Trees	7,200.00	260.33	6,998.15	462.18

Construction

The heating plant at the garage and stables, started last year, has been completed.

The east side of North Main Street, between Depot and Pleasant, was resurfaced with asphalt and the small gap at Willow Hollow, on the Trunk line, was completed with concrete.

Hackett Brook Bridge was constructed with reinforced concrete and several tile pipes and wooden box culverts were replaced with corrugated iron culvert pipe.

The wading pool at White Park was constructed for the Playgrounds Committee.

Sidewalks, both concrete and tar, were laid in various parts of the city.

Maintenance

Bridges

The floor system of the river bridge on Bridge Street was completed, as well as minor repairs on several bridges.

Nine bridges were painted in the past year.

Bituminous Surface

Finding that a satisfactory maintenance program has been worked out in surface treating our existing roads, we have given our reconstructed gravel streets a surface treatment with tar or asphalt. They should be good for three years unless the frost action makes it necessary, in some cases, to treat them at shorter intervals.

Garage and Stables

One patrol road machine, one tractor road machine, one concrete mixer, one tractor and plow, six truck plows and four horses have been added to our equipment.

Snow Removal

We have followed the same program as last year believing that to best serve the public it is necessary to remove snow from the highways. We have made an earnest attempt to give highway service every day in the year. While snow

removal is expensive, we think the expense is more than justified, as it permits uninterrupted traffic; business and ordinary pursuits can be carried on with a minimum of inconvenience.

Marking and Signs

We have placed direction signs on most of our roads. Warning signs have been placed at dangerous points and warning and traffic lanes have been painted directly on the pavements in some locations.

Sprinkling

The motor driven flusher and sprinkler has done all the work in this direction with the exception of the calcium chloride used in the outside districts.

Garbage

The collection of table garbage, ashes and rubbish was made as usual. The service was extended to East Concord and Penacook during the past year, and land purchased for a garbage dump at East Concord.

Trees

The tree work in the past year was carried out under the supervision of a commission. However, on account of the high wind storm of July a considerable amount of money was spent in this department.

Conclusion

I wish to thank Mayor Marden and members of the Board for their interest and assistance in the past year.

Respectfully submitted.

ORRIN W. HEAD,
Superintendent of Streets.

REPORT OF THE SEWER DEPARTMENT

CONCORD, N. H., December 31, 1926.

To the Board of Public Works:

GENTLEMEN: The sixteenth annual report to your board, showing work done under the supervision of the Engineering Department, for your board, for the fiscal year ending December 31, 1926, is herewith submitted.

In this report I shall make no recommendations, believing it to be more appropriate to make them to your board at your regular sessions, when the opportunity is always open.

FINANCIAL STATEMENT

Appropriation for construction and repairs,	\$19,000.00
Appropriation July 12, 1926, special,	1,100.00
Appropriation September 13, 1926, special,	5,000.00
Earnings of department,	1,013.87
	<hr/>
Funds available,	\$26,113.87

Disbursements

Paid for liability insurance,	\$120.37
sewer pipe,	1,197.20
castings,	360.75
brick,	138.50
Ford truck account,	193.03
Reo truck account,	609.50
main line plugs, labor,	438.58
manholes built, labor,	23.10
construction, labor,	1,043.27
flushing, labor,	1,345.80
private pipe plugs, labor,	611.54
raising manholes, labor,	420.95
main line repairs, labor,	33.56
private pipes laid, labor,	72.91

Paid for general repairs, labor,	\$2,664.23	
catch basins built, labor,	4.60	
sewer plan work, labor,	45.00	
accident case, labor,	54.00	
inspector on contract, labor,	762.00	
West Garden, labor,	56.44	
The Gamewell Co., labor,	151.96	
Concord Electric Co., labor,	18.00	
Comfort station, labor,	24.03	
supplies,	724.77	
Connolly Bros., balance due on 1925 contract,	300.00	
Connolly Bros., 1926 con- tracts,	14,799.70	
	<hr/>	\$26,113.79
Balance,		\$0.08

There was laid 5,608 feet of sewer in 1926.

Ninety plugs in house sewers were removed.

Manholes were raised to fit road improvements.

One new manhole was built other than those on construction jobs.

There were 19 main sewer plugs.

Miles of main line sewers.

City proper,	39.732+
East Concord,	0.333+
Penacook,	5.268+
West Concord,	3.627+
St. Paul's School,	1.197+
	<hr/>
Total,	50.157+

An itemized account of transactions of the sewer department is kept in the office of the city engineer, and information as to the same can be had by interested parties at that office.

Sewer pipe was purchased of Wm. S. Simpson, Inc.,

through their agent. A. H. Britton & Co., at 67 per cent off of list under contract for year.

Cement was purchased of Concord Lumber Company and Boutwell Lumber Company.

Lumber was purchased of Concord Lumber Company and Boutwell Lumber Co.

Supplies were purchased locally when possible.

Monthly statements of coal tar walk were given to the departments or committees having the work done.

In company with one or both of the three members of the committee on location of poles, I have attended to the duty, attended hearings and meetings of your board and furnished such information as was called for.

Owing to the large number of sewer petitions granted, and being able to get an extremely reasonable figure from Connolly Brothers of Beverly Farms, Mass., several of the sewers were constructed by them, and I am pleased to report that the work was done in an acceptable manner and engineering department employees were courteously treated.

The construction work, other than that done by Connolly Brothers, repairs and maintenance of the sewer systems was done by a very small force, namely: William H. Murphy, foreman; Joseph Morgan, assistant foreman, with James J. Berryman, Richard Morrill, and John Peterson as co-workers. These men have proven to be skilled and loyal workmen, and it is through them that I am able to report a vast amount of work done at a low cost.

I wish to thank the citizens, policemen, firemen, plumbers and heads of departments for the courtesy extended me and employees of this department.

For the many courtesies extended me by your board, I wish to express my appreciation.

Respectfully submitted,

FRED W. LANG,
City Engineer.

REPORT OF THE BUILDING INSPECTOR

CONCORD, N. H., December 31, 1926.

To the Board of Mayor and Aldermen:

GENTLEMEN: The third annual report of your building inspector is herewith submitted.

Permits Issued

- 25 one car garages.
- 22 two car garages.
- 7 three car garages.
- 9 four car garages.
- 5 public garages.
- 9 dwellings.
- 1 wood shed.
- 1 boiler room.
- 1 ash hoist.
- 4 blocks to contain three stores each.
- 1 carpenter shop.
- 1 sun porch.
- 2 store houses.
- 1 oil house.
- 2 two tenement houses.
Christian Science Home.
- 4 school dormitories.
- 1 entrance changed.
- 3 buildings moved.
- 2 fire wall openings.
- 1 alteration for foundry.
- 1 enlargement for bowling alley.
- 6 additions to garages.
- 2 additions to dwellings.
- 5 alterations to dwellings.
- 1 alteration to dairy.
- 1 alteration to apartment house.
- 2 alterations to office buildings.
- 3 alterations to stores.

BUILDINGS COMPLETED IN 1926

- 25 one car garages.
- 19 two car garages.
- 9 three car garages.
- 5 four car garages.
- 11 public garages.
- 1 generation plant.
- 1 oil house.
- 2 openings in fire wall.
- 2 roofs raised.
- 2 storage sheds.
- 1 wood shed.
- 1 boiler room.
- 1 bowling alley.
- 2 buildings moved.
- 1 carpenter shop.
- 1 dairy.
- 1 foundry.
- 1 ash hoist.
- 2 three store buildings.
- 5 alterations to dwellings.
- 2 additions to dwellings.
- 6 additions to garages.
- 1 alteration to apartment house.
- 2 alterations to office buildings.
- 3 alterations to stores.
- 1 alteration in bank.
- 1 entrance changed.

Signs

There have been 32 signs erected during the year, all of which have been erected in a substantial manner.

Buildings Built by the City

Comfort station.

Addition to police station garage.

Two exits to the auditorium.

Building remodeled at central fire station to hold the batteries of the Gamewell fire alarm system.

Central fire station stable rebuilt into a garage.

Union School District

Practice house on Warren street, remodeled.

The building of a new high school is under way.

The major portion of construction during the past year has been outside the fire limits, and according to the building code, your inspector has no jurisdiction over the construction of these buildings.

The inspections have taken a great amount of time, and I feel that the code has been lived up to cheerfully by the contractors, with the exception of a few cases, where it looked like a clear case of ignoring the provisions of the code, but after considerable argument they made the necessary changes that the inspector required.

On November 29, 1926, assistant city engineer Edward E. Beane was made assistant building inspector, and as soon as he learns the working of the building code, he will be a great assistance to the inspector.

For the courtesy extended me by your board, the contractors and citizens, I wish to express my appreciation.

Respectfully submitted,

FRED W. LANG,
Building Inspector.

PUBLIC LIBRARY

REPORT OF THE TRUSTEES

*To the Mayor and Board of Aldermen of the City of
Concord, New Hampshire:*

The Trustees of the Public Library herewith transmit the annual report of the Librarian, which treats briefly of the work of the year and present library conditions.

Our committee is continuing its attention to the problem of securing adequate library facilities for the City.

On January 1, 1927, the funds available for a new library building amounted to \$39,067, and \$15,000 will eventually be received from the Judge Corning estate.

The amount of the William W. Thayer bequest has not been determined.

The appropriation for 1927 should not be less than \$7,000—the same as for the last seven years—plus the income from the trust funds.

Respectfully submitted,

THOMAS W. D. WORTHEN.

President of the Board of Trustees.

LIBRARIAN'S REPORT FOR 1926

To the Board of Trustees of the Concord Public Library:

GENTLEMEN: It has become customary to give Library statistics somewhat after this order:

Expenditures

Salaries and labor	\$5,776.84
Books and periodicals	1,849.24
Binding	512.10
Printing	65.20
Fuel and light	815.60
Incidentals	1,224.46
	<hr/>
Total	\$10,243.44

The incidental item is so much larger this year than usual because the building, especially the roof, needed \$700 in the way of repairs.

At the beginning of 1926 we had in the Library, 36,383 volumes.

There have been added by purchase	827
added by gift	37
added by binding magazines	36
discarded	444
Now in the Library	36,839 vols.

You will note that we discard many outworn or outgrown books; we seem to have this one trait in common with Henry Ford, of whom it is said, "His willingness to scrap is notorious."

It is gratifying that the circulation has increased 2,681, making a total of 76,924. As usual, March, the month of bad weather, saw the most books given out.

To say that in the reference room 3,189 persons have applied for information gives no idea of the difficulty Miss Dennett and Miss Clarke sometimes encounter in finding the desired facts. This man asks for and gets data on Viking ships which will enable him to make a model of one. That woman comes to seek interpretation of a dream which she is convinced was more than a dream. A boy propounds a poser: he wants a picture of the statue at whose base Caesar was assassinated. At present, a picture contest is sending many in for biographies of the Ladies of the White House. But of course most of the reference work is done for and with school children. The High School debating team labored long and earnestly to acquire the material which helped them to win both at Manchester and in Concord in the opening debates on the topic: "*Resolved*, that the United States should cancel all of the European War Debts contracted prior to the Armistice by her former associate nations in the World War."

The number of new borrowers runs with a uniformity which proves that Concord does not have sudden influxes of population. Last year 700, this year 699 new names were registered; divided almost evenly, as previously, between adults and those of school age.

Another thing which varies but little is the sum of money taken in from fines on overdue books,—\$400 annually.

Our work and our opportunities are much the same as during the last few years, and with those you are familiar through my recent reports. It is hard to keep an institution from backsliding if it is not actively progressing. Perhaps our faith in the need of the Library to the community has been upheld by that one of the placards in the neighboring Wayside Pulpit which said: "Let us spread enlightenment, for on that the safety of the nation depends."

The children's alcove continues to be a nursery of crime rather than an uplifting influence, for it does not

seem to be frequented so much by appreciative boys and girls as by "the gang" who come in not to read but to annoy or possibly purloin.

The present president of the American Library Association stated in an address, "A community is known by the library it maintains as much as by its schools and churches." What an opinion, then, must be held by those who compare this demoded building with an adequate and modern one! You have doubtless heard, as I have frequently, surprise expressed by other towns that Concord, regarded as rich and "highbrow," allows its library to trail along at the shabby end of its public institutions.

I will not close on a pessimistic note, however, for, although 1926 has not brought us any noticeable advance, it has not taken from us the President of this Board, and any year is to be considered a good year which sees the Library still the object of his interest and care.

Respectfully submitted,

GRACE BLANCHARD,

City Librarian.

POOR DEPARTMENT

FIFTY-NINTH ANNUAL REPORT OF THE OVERSEER OF THE POOR

FOR THE YEAR ENDING DECEMBER 31, 1926

To the Board of Aldermen:

The undersigned herewith submits the fifty-ninth annual report of the expenditures for the poor, including Wards One and Two, for the year ending December 31, 1926.

City Poor

Appropriation,	\$5,000.00	
Resolution No. 724,	1,500.00	
	<hr/>	\$6,500.00

Paid groceries,	\$730.41	
fuel,	250.75	
rents,	219.00	
board and care,	3,918.39	
care, children,	1,082.40	
transportation,	40.06	
medicine,	9.70	
shoes and clothing,	62.86	
burial,	35.00	
transient account,	4.25	
	<hr/>	\$6,352.82

County Poor

Paid groceries,	\$3,442.63
milk,	191.64
fuel,	2,133.00
rents,	2,923.32

Paid care, children.	\$3,220.90	
board and care,	3,960.35	
shoes and clothing,	194.65	
burials,	220.00	
transient account,	110.06	
services, doctors,	83.86	
hospital, care,	309.05	
miscellaneous,	18.60	
	-----	\$16,808.06
Total amount paid for aid to poor,		\$23,160.88

Dependent Soldiers, City

Appropriation.	\$200.00	
Paid groceries,	\$28.09	
fuel,	21.00	
rent,	11.25	
care,	80.00	
	-----	\$140.34

Dependent Soldiers, County

Paid groceries,	\$277.23	
fuel,	232.65	
rents,	96.00	
board and care,	315.00	
miscellaneous.	13.00	
	-----	\$933.88
Total amount paid for aid to soldiers.		\$1,074.22

Respectfully submitted,

ARTHUR E. ROBY,
Overseer of the Poor.

REPORT OF THE CITY CLERK

To the Board of Aldermen:

The undersigned herewith presents an account of the amount received from fees, licenses, and other sources for the year ending December 31, 1926:

Marriage licenses,	\$237.00
Dog license fees,	237.60
Recording mortgages,	174.75
Recording conditional sales,	1,068.10
Recording mortgage discharges,	47.25
Recording writs,	6.00
Recording assignment of wages,	1.00
Public garage permits,	3.00
Pool table and bowling alley license fees,	2.50
Certificates of record,	36.10
Sale of waste paper,	2.66

Total amount, city clerk fees, \$1,815.96

House rent, fire chief,	\$250.00
Concord Battery Station, rent,	350.00
Bowling alley and pool table licenses,	280.00
Junk dealers' licenses,	110.00
Job team and passenger carriage licenses,	102.50
Dog licenses,	2,747.91
County poor, Merrimack County,	16,808.06
Dependent soldiers,	933.88
Sale of histories and maps,	20.25
Druggists' permits to sell liquor,	6.00
Refund, Allen vs. City,	15.05
State primary fees,	125.00
Circus license,	50.00
Carnival license,	21.00
Circus stand concessions,	10.00

Employment Bureau license,	\$5.00
A. O. Preston, account M. J. Preston,	30.00
Penacook School District, refund,	729.22
Sale of grass, Little field,	50.00
Sale of grass, A. N. Day,	5.00
Lease of land, C. L. Piper,	25.00
Land sold, Edward J. Benson,	23.66
Land sold, Samuel Mitchell,	11.13
Land sold, E. E. Plummer,	27.81
Sale of City Ordinances,	4.00
Comfort Station, earnings,	20.61
Theatre licenses,	1,123.00
	<hr/>
	\$25,700.04
Motor Vehicle Permits, 1926,	\$27,073.28
Motor Vehicle Permits, 1927,	17,240.18
	<hr/>
	44,313.46
	<hr/>
	\$70,013.50

The foregoing amounts have been paid into the city treasury.

Respectfully submitted,

ARTHUR E. ROBY,
City Clerk.

REPORT OF SEALER OF WEIGHTS AND MEASURES

FOR THE CITY OF CONCORD
COVERING THE PERIOD JANUARY 1, 1926, TO
JANUARY 1, 1927

To His Honor Fred N. Marden, Mayor, and the Board of Aldermen:

During the past year there were four hundred and fifty-six (456) scales tested which were found correct and were sealed; one hundred and thirteen (113) were adjusted before being sealed; three (3) were confiscated; twelve (12) were condemned for repairs and were later reinspected and sealed. Five hundred and eleven (511) weights were tested, found correct and were sealed; eleven (11) were adjusted before being sealed and three (3) condemned. There were two hundred and ninety-nine (299) liquid measures tested and sealed. Two hundred and thirty-two (232) tests of gasoline pumps were made, three (3) of which were condemned for use and thirty-five (35) condemned for repairs, later these being reinspected and sealed. There were twenty (20) cart bodies used in wood deliveries measured; four (4) reweighings of coal made and two hundred and twelve (212) packages put up in advance of sale were reweighed.

Respectfully submitted.

F. S. PENDLETON,
City Sealer.

REPORT OF THE CITY SOLICITOR

To His Honor the Mayor and the Board of Aldermen:

While the year 1926 was somewhat more than commonly active for the city solicitor in connection with miscellaneous matters, it was a quiet year so far as court proceedings were concerned. During the year, at the direction of the board, a petition, in which the Town of Pembroke joined, was presented to the Superior Court praying for the discontinuance of a portion of the old state highway across the Soucook River. This petition was referred to the board of county commissioners, of which, owing to the disqualification of the Concord commissioners, former commissioners Frank L. Gerrish and Herbert W. Dustin made a part. The hearing was held on December 30 and resulted in a unanimous report favoring the discontinuance of the highway and awarding no damages. This report is now in order for a decree by the court.

As soon as the decree is made and the highway is discontinued it will be for the board in conjunction with the Town of Pembroke to raise proper barriers at the two ends of the discontinued highway, and it will be further desirable for the city to take precaution that, by means of signs or otherwise, proper warning shall be given to travelers in the highway that the road in question comes to a blind end.

One suit against the city was filed at the October Term of court in behalf of Frank H. Silver, who seeks to recover salary as a permanent member of the fire department for the period subsequent to his dismissal from the service.

The year has brought an unusual number of highway layouts, real estate transactions and similar matters requiring the attention of the solicitor, and has been marked by the first hearing by the board of review upon an appeal

on a decision from the building inspector, at which hearing the city solicitor sat, and which resulted in an adjustment satisfactory to all concerned, this resulting from the diplomacy of his Honor the Mayor.

Respectfully submitted,

ELWIN L. PAGE,
City Solicitor.

REPORT OF THE PARK COMMISSIONERS

To the Mayor and Board of Aldermen:

Work on the city parks for the past year has been mainly of routine character. At White Park a new swan was secured to replace one that died during the summer. The upper pool, under the direction of the playground committee, was enlarged and walled in, and the bottom was cleaned up. This pool is to be given over to the younger children for swimming and wading. Along White Street a section of iron fence was built, and the entire length of the fence was repainted.

At Rollins Park a new line of water pipe was laid, and the work of cutting out the underbrush was continued. This latter will be finished the coming summer, and more of the dead trees will be removed. The rustic shelter was blown down during the summer. This should be rebuilt, as shelter of some kind is absolutely necessary. A small cyclone in passing demolished several of the tall pine trees.

The pergola at the West Garden was removed. It was in bad repair, and the expense of maintenance was entirely out of proportion to its value. The removal of this lattice work has opened up the Garden to a surprising degree, and has been much appreciated by the public. The northwest corner has been enlarged by acquiring more land, thus straightening out the boundaries and giving more opportunities for ornamental planting.

The cross walks at Doyen Park were relaid with gravel, making a much needed improvement.

In East Concord, Pecker Park was graded, new loam added and made ready for seeding the coming spring.

The expenses of the parks were kept within the appropriations.

FRED N. MARDEN, *Mayor*,
WILLIS D. THOMPSON, JR.,
CHARLES L. JACKMAN,
BENJAMIN C. WHITE,
ALPHEUS M. JOHNSON,
WILL J. DREW,
GARDNER G. EMMONS,

Park Commissioners.

HEALTH DEPARTMENT

REPORT OF THE BOARD OF HEALTH

To the Board of Mayor and Aldermen:

The reports of the Sanitary Officer and the Milk Inspector are transmitted herewith. These documents will be found to contain much detailed information concerning the activities of the health department. These reports are hereby approved and submitted as the annual report of the Board of Health for the year ending December 31, 1926.

Respectfully submitted,

FRED N. MARDEN,
CHARLES H. COOK, M. D.,
DONALD G. McIVOR, M. D.,

Board of Health.

REPORT OF SANITARY OFFICER

To the Board of Health:

GENTLEMEN: My 34th annual report as Sanitary Officer for the year ending December 31, 1926, is herewith submitted, showing in detail the work of this department.

There were 554 deaths during the year, 234 of which were non-residents and not included in the death rate. Estimating the population at 23,000, the death rate for the year was 13.9 per cent. There were 326 deaths in the public institutions and 228 in the nine wards of the city.

There have been the usual number of contagious diseases reported to this department, measles being the most prevalent, 231 cases being reported. There were also 53 cases of scarlet fever, 12 of diphtheria, six of tuberculosis, 67 of venereal diseases, 10 of whooping cough, one of infantile paralysis, and two of typhoid fever.

The Venereal Clinic maintained by the State and local Boards of Health and the Concord Red Cross, is in charge of Dr. John M. Murray, who reports that during the past twelve months, 87 individuals have been treated or tested and a total of 410 treatments of Salvarsan given.

Many minor complaints have been attended to and 148 complaints and nuisances investigated and disposed of. Alleyways about the city have been inspected and found to be kept in a much better condition than formerly. Two hundred and twenty-nine rooms, halls and cellars have been fumigated for various causes.

All of the schools in the city have been inspected and were in very good condition. Thirty-seven houses outside the sewer precinct as well as restaurants, markets, barber shops, beauty parlors and children's boarding houses have been inspected and found satisfactory.

The shores of Penacook Lake are regularly looked after and reports of tests of the drinking water show a high standard of quality.

The total appropriations and expenditures for the year are as follows:

FINANCIAL REPORT OF SANITARY OFFICER

Appropriations

Salary, Sanitary Officer,	\$2,000.00
Upkeep of automobile,	400.00
Fumigation supplies,	100.00
Contagious diseases,	1,000.00
Incidental expenses,	1,500.00
	<hr/>
	\$5,000.00
Resolution No. 732,	624.17
To balance account transferred from milk inspection,	.40
	<hr/>
	\$5,624.57

Expenditures

Salary, Sanitary Officer,	\$2,000.00
Upkeep of automobile,	400.00
Fumigation supplies,	66.69
Contagious diseases,	1,725.92
Incidental expenses,	1,431.96
	<hr/>
	\$5,624.57

FINANCIAL REPORT OF MILK INSPECTOR

Appropriations

Salary, Milk Inspector,	\$1,500.00
Upkeep of automobile,	400.00
Laboratory and supplies,	600.00
	<hr/>
	\$2,500.00

Expenditures

Salary, Milk Inspector,	\$1,500.00
Upkeep of automobile,	400.00
Laboratory and supplies,	599.60
Balance,	.40
	<hr/>
	\$2,500.00

Received from milk license fees,	\$326.50
Received from fumigation,	9.45

CONTAGIOUS DISEASES.

The following table shows the number of contagious diseases reported during each month of the year, and the deaths resulting therefrom:

CAUSES OF DEATH

1—Epidemic, Endemic and Infectious diseases.

9	Whooping cough,	1
11	Influenza,	
	(a) with pulmonary complications specified,	3
	(b) without pulmonary complications specified,	5
21	Erysipelas,	5
31	Tuberculosis of the respiratory system,	29
32	Tuberculosis of the meninges and central nervous system,	2
33	Tuberculosis of the intestines and peritoneum,	4
38	Syphilis,	1
41	Purulent, infection, septicemia,	8

2—General Diseases not included in above.

43	Cancer and other malignant tumors of the buccal cavity,	1
44	Cancer and other malignant tumors of the stomach and liver,	7
45	Cancer and other malignant tumors of the peritoneum, intestines and rectum,	15
46	Cancer and other malignant tumors of the female genital organs,	6
47	Cancer and other malignant tumors of the breast,	4
48	Cancer and other malignant tumors of the skin,	2
49	Cancer and other malignant tumors of other or unspecified organs,	9
51	Acute rheumatic fever,	1
52	Chronic rheumatism, osteoarthritis, gout,	2
54	Pellagra,	1
57	Diabetes mellitus,	5
58	Anemia, chlorosis,	
	(a) Pernicious anemia,	1
59	Diseases of the pituitary gland,	1
63	Diseases of the adrenals,	1
69	Other general diseases,	2

3—Diseases of the Nervous System and of the Organs of Special Sense	
73	Other diseases of the spinal cord, 1
74	Cerebral hemorrhage, apoplexy
	(a) Cerebral hemorrhage, 48
	(b) Cerebral thrombosis and embolism, 8
76	General paralysis of the insane, 12
77	Other forms of mental alienation, 5
78	Epilepsy, 6
84	Other diseases of the nervous system, 3
4—Diseases of the Circulatory System	
88	Endocarditis and myocarditis (acute), 2
89	Angina pectoris, 10
90	Other diseases of the heart, 78
91	Diseases of the arteries,
	(b) Arteriosclerosis, 51
92	Embolism and thrombosis (not cerebral), 6
95	Hemorrhage without specified cause, 1
5—Diseases of the Respiratory System	
99	Bronchitis
	(a) Acute, 2
	(b) Chronic, 1
	(c) not otherwise defined under 5 years, 1
100	Bronchopneumonia (including capillary bronchitis)
	(a) Bronchopneumonia, 54
	(b) Capillary bronchitis, 1
101	Pneumonia
	(a) Lobar, 19
	(b) Not otherwise defined, 6
102	Pleurisy, 3
103	Congestion and hemorrhage infarct of the lung, 3
107	Other diseases of the respiratory system
	(T. B. excepted)
	(a) Chronic interstitial pneumonia including occupational diseases of the lungs, 1
	(c) Others under this title, 2

6—Diseases of the Digestive System

111	Ulcer of the stomach and duodenum	
	(a) Ulcer of the stomach.	2
112	Other diseases of the stomach (cancer excepted)	1
113	Diarrhea and enteritis (under 2 years).	1
117	Appendicitis and typhlitis,	4
118	Hernia, intestinal obstruction	
	(a) Hernia.	1
	(b) Intestinal obstruction,	5
119	Other diseases of the intestines,	2
122	Cirrhosis of the liver,	
	(b) not specified as alcoholic,	1
124	Other diseases of the liver,	1
126	Peritonitis without specified cause,	6

7—Non-Venereal Diseases of the Genitourinary System and Annexa

128	Acute nephritis (including unspecified under 10 years of age),	8
129	Acute nephritis (including unspecified 10 years and over),	12
131	Other diseases of the kidneys and annexa (diseases of the kidneys in pregnancy excepted),	2
134	Diseases of the urethra, urinary abscess, etc.	
	(a) Stricture of the urethra,	1
137	Cysts and other benign tumors of the ovary.	1

8—The Puerperal State

143	Accidents of pregnancy	
	(b) Ectopic gestation,	1
	(c) Others under this title,	1
147	Puerperal phlegmasia, alba dolens, embolus, sudden death.	3
148	Puerperal albuminuria and convulsions,	2

9—Diseases of the Skin and of the Cellular Tissue

151	Gangrene,	2
154	Other diseases of the skin and annexa,	1

10—Diseases of the Bones and of the Organs of Locomotion

156	Diseases of the Joints (tuberculosis and rheumatism excepted),	1
-----	--	---

11—Malformations

159	Congenital malformations (still births not included)	
	(a) Hydrocephalus,	1
	(b) Congenital malformations of the heart,	2

12—Early Infancy

160	Congenital debility, icterus and sclerema,	4
161	Premature birth, injury at birth.	
	(a) Premature birth,	6
	(b) Injury at birth,	2
162	Other diseases peculiar to early infancy.	7

13—Old Age

164	Senility,	7
-----	-----------	---

14—External Causes

167	Suicide by poisonous gas,	1
168	Suicide by hanging or strangulation,	4
170	Suicide by firearms,	1
177	Other acute accidental poisonings(gas excepted),	1
179	Accidental burns (conflagration excepted),	3
182	Accidental drowning,	3
183	Accidental traumatism by firearms (wounds of war excepted).	1

185	Accidental traumatism by fall,	1
187	Accidental traumatism by machines,	1
188	Accidental traumatism by other crushing vehicles	
	(a) Railroad accident,	1
	(c) Automobile accident,	2
	(g) Landslides and other crushing,	2
202	Other external violence (cause specified),	1

15—Ill-defined Diseases.

Number of samples of water collected for analysis.	5
Number of nuisances, complaints and inspections,	148
Number of rooms, etc., fumigated,	229
Number of barber shops and beauty parlors inspected,	30
Number of public halls inspected,	12
Number of restaurants and bakeries inspected,	30
Number of school buildings inspected,	14

To the Mayor and members of the Board of Health, the Aldermen and all City officials for their hearty support in the work of this department, I wish to express my thanks.

Respectfully submitted,

CHARLES E. PALMER.

Sanitary Officer.

REPORT OF THE MILK INSPECTOR

To the Board of Health:

Herewith is submitted a report of the milk inspector for the year 1926.

This is the first time that the whole year has been available, and the results show more work accomplished.

The process of changing over to meet the requirements of either tuberculin-tested herds or pasteurized milk went over the top one hundred per cent with no friction or prosecution.

A considerable amount of rebuilding, improving and enlarging of dairy farms was accomplished this year. A steady improvement in the milk supply continues. Most particularly is a decided improvement noted in the visible dirt content of the milk.

This year has seen a marked change in the method of producing pasteurized milk in Concord, and those who do pasteurize are putting out an excellent product. Many of the dealers who market raw milk have steadily improved the quality of their milk supply. It has been the aim to co-operate with all milk producers and dealers, to advise and assist in any way consistent with official duties.

There are 179 dairy farms producing and selling their milk supply in Concord. This represents approximately 1912 cows.

It might be of interest to know the average daily receipt of milk in 1926 for this city was 3,358.5 gallons. The average daily receipt of 35% cream was 74.56 gallons.

Last summer 36 samples of ice cream of various manufactures were collected. A number of these samples were found to be below butter-fat standard. As most of the companies represented were located outside of Concord the matter was referred to the State Board of Health for disposal.

Summary of Work

Number of milk licenses issued,	281
Notices issued,	654
Complaints investigated,	17
New milk rooms and houses,	42
New steam boilers,	4
Number of producers who whitewashed stables,	98
Herd tests conducted,	9
Inspected:	
Dairy Farms,	144
Milk Plants,	10
Stores and eating places,	53
Reinspections,	371
Prosecutions,	1
Collected:	
Number milk samples tested,	552
Number milk samples above standard,	362
Number milk samples below standard,	190
Number cream samples tested,	8
Miscellaneous laboratory analyses,	6

AUSTIN B. PRESBY,

Milk Inspector.

REPORT OF THE CEMETERY COMMISSIONERS

CONCORD, N. H., December 31, 1926.

To the Board of Mayor and Aldermen:

GENTLEMEN: Your commissioners herewith submit their report for year ending December 31, 1926.

There were seven meetings of the commissioners held during the year.

By vote of the city government, all the public cemeteries, being ten in all, were placed under the control of the cemetery commissioners.

It was found that the records of lots in cemeteries other than Blossom Hill and Old North were kept under the old style of record keeping, and the commissioners found it advisable to have new records made to conform with those of Blossom Hill. Superintendent Hammond has made good progress along these lines and when the work is completed, we feel that the work will be complete and satisfactory.

All outlying cemeteries have been surveyed and plans filed.

Two blocks were partially graded in Blossom Hill cemetery, and several lots in other cemeteries were brought up to grade.

The office has been enlarged and the Superintendent now has added new office equipment that was needed.

The work of caring for the cemeteries is an expensive proposition at best; in spite of this fact, we are pleased to report that the cost of maintenance of all the cemeteries combined has been kept within the appropriation owing to the untiring efforts of Superintendent Fred N. Hammond and his co-workers.

A detail statement of the accounts will appear in the Superintendent's report, and are available at all times at his office.

Respectfully submitted,

CEMETERY COMMISSIONERS,

by Fred W. Lang,
Clerk of Commissioners.

		—————\$123,944.15

I hereby certify that I have examined the foregoing accounts of Carl H. Foster, city treasurer, for the year 1926, and find all items of receipts and expenditures therein properly recorded and authenticated by appropriate vouchers, and the several items correctly cast, and the cash balance to be thirty-seven thousand fourteen dollars and five cents (\$37,014.05); the balance to the credit of the Departmental Equipment Bond Account to be nine thousand seven hundred twenty-five dollars sixteen cents (\$9,725.16); the Union School District Bond Account balance to be one hundred fifty-one thousand three hundred four dollars sixty-six cents (\$151,304.66); and City Water Department balance to be twenty-eight thousand nine hundred ninety dollars forty-one cents (\$28,990.41).

I have also verified the account of the special funds of the city in the hands of the city treasurer, and find such special funds invested, and the income thereof for the year 1926 accounted for as shown by the books of the city treasurer for that purpose.

ARTHUR E. ROBY,
City Clerk.
